Respected Sir,

Sree Narayana Guru College of Commerce is a reputed College, established in the year 1986 by Sree Narayana Mandira Samiti [SNMS] a registered educational and charitable trust formed in 1963 by devotees of **Sree Narayana Guru**-the legendary saint and social reformer born in Kerala. The college offers **10 Undergraduate and 03 Post Graduate Programmes**. Our College is permanently affiliated to the University of Mumbai, recognised by the University Grants Commission [UGC] under sections 2 [f] and 12 [B].

Four Faculties of our College is proposing to do a research project on **“FINANCIAL INCLUSION FOR INCLUSIVE GROWTH --- A STUDY OF MUMBAI SUBURBAN AREA - M WARD EAST”**. This project will be covering the following financial inclusive schemes of our Government since the year 2014.

- a. Pradhan Mantri Jan Dhan Yojana (PMJDY)
- b. Pradhan Mantri Jeevan Jyoti Bima Yojana (PMJJBY)
- c. Pradhan Mantri Suraksha Bima Yojana (PMSBY)
- d. Atal Pension Yojana (APY)
- e. Pradhan Mantri Mudra Yojana
- f. Pradhan Mantri Vaya Vandana Yojana

The project will help your institution to evaluate the progress of financial inclusion programme in this ward and would help you to make a suitable policy for further inclusive growth.

Our College is situated at 'M' ward east of Brihanmumbai Municipal Corporation. The M-East ward is one of the twenty-four administrative divisions of Mumbai and home to over 8,07,720 (Census 2011) residents, is also one of the poorest areas in the city. Its human development index is the lowest in the city representing an infant mortality rate of around 66.47 per thousand live births, out-of-school children between the ages of 6 to 14 years is 1,490, more or less equally divided between boys and girls, and more than 50 percent children are malnourished (HDR, 2009). The ward is thus symptomatic of the paradoxes of urban development in the country and its problems are linked to the secondary citizenship of urban poor, the lack of official recognition of life, the lack of data and knowledge about several processes at work and patchy solutions that lack accountability and adequate resource support. As our institution is catering to the educational needs of mainly poor children belonging to the economically and socially backward population situated in and around slum areas of this ward. Most of the students who belong to our institution are studying under one or other financial help from either government or other organisations.

The cost of research involves an amount of around Rs. 40,000. Since the objective of study and the outcome thereon will result to base for increase in awareness of banking needs in the economically poor families and also will help the institutions to get more small and medium type deposits as mentioned herein above we desire to get the same sponsored by your esteemed bank.

We, therefore, earnestly request you to sanction us financial support of Rs 20,000 for the completion of the project.

The Project proposal and budget is enclosed with full details for your perusal and expecting a positive response and cooperation in this regard. **The final Research Report will be submitted to the sponsored Bank.**

1. STATEMENT OF PURPOSE

The employability of India's university graduates continues to remain weak even while there is an acute shortage of skilled manpower in an increasing number of high demand sectors. The youth are thus disillusioned about job opportunities post their studies. Though they have educational degrees, they lack the skills and the experience to get employed.

Skilling the youth to enhance their employability and enabling them to be effective contributors to the nation's growth and development assumes paramount importance in the current context.

The Tata Institute of Social Sciences has been working to reach the youth through an innovative programme called 'National University Students' Skill Development (NUSSD)' for the same purpose. The aim is to enable the youth enrolled in the various degree programs in Colleges and Universities in India to acquire skills that would give them a Certificate/Diploma in a specific high demand domain area in addition to their degree. Students will be introduced to holistic education which

encompasses components of employment oriented training, exposure to community services, life skills training and civic education to fulfill the changing requirement of higher education and thereby bringing about vocationalisation of higher education. Eventually, this programme is poised to cover all the youth in the university system wanting to enhance their employment potential by gaining skills along with a graduate degree in their chosen discipline

Hi Saraswati Ma'am

Greetings from the Tata Institute of Social Sciences (TISS).

<https://www.youtube.com/watch?v=8y4qoBOeM10>

The TISS's flagship skill development programme, the National University Students' Skill Development (NUSSD) provides opportunities to under-graduate and postgraduate students coming from underprivileged backgrounds to acquire employable skills. The students not only gain sustainable and relevant employable skills, but also become responsible citizens and agents of social and economic transformation.

NUSSD embeds itself within colleges, especially those that service low-income communities, and provides job readiness and domain skill training to the students, thereby allowing them to graduate with a degree and a diploma in a job-relevant course. For example, a B.A. History student could potentially also acquire a Diploma in Tourism. All students enrolled for NUSSD gain competency in English communication leadership and people skill, analytical skills, digital skills and financial skills.

In recognition of the efforts and impact, the [United Nations \(UN\) Steering Committee on Children and Youth](#) recognized the NUSSD Programme as a "Skill Development Best Practice" in the country.

Launched in 2013, the NUSSD programme has rapidly expanded to being implemented in 5 states and more than 220 colleges in the present day. Today, the Programme covers over 20,000 students and has been successful in providing them with the right skills required for gainful employment.

Thank You.

An intervention in the higher education Institutions to make the graduates employable and job ready

1. Background

The Indian system of higher education is the third largest in the world, after those of the US and China. There are 900 universities and more than 45,000 affiliated colleges in India with a total enrolment of more than 20 million students. However, the employability of India's university graduates continues to remain weak even while there is an acute shortage of skilled manpower in an increasing number of high demand sectors. The youth is thus disillusioned about job opportunities post their studies. Unfortunately, though they have educational degrees, they lack skills and the experience to get employed.

The Tata Institute of Social Sciences (TISS), in consultation with the Ministry of Youth Affairs & Sports (GoI) and the National Skill Development Agency (NSDA), has started a project, titled "The National University Students Skill Development Programme (NUSSD)" by introducing "Skill Training" for college students, so that the graduating youth acquire job related skills through immersive projects. This involves college student engagement over three years in a multi stakeholder collaborative model involving NGO's, Universities and Corporates.

NUSSD aims at increasing the employability of University and College students by imparting knowledge and skills, through cutting edge teaching and learning methods as well as practical work experience through internships and community projects. NUSSD embeds itself within colleges, especially those that service low-income communities, and provides job readiness and domain skill training to the students, thereby allowing them to graduate with a degree and a diploma in a job-relevant course.

NUSSD is aligned to the Sustainable Development Goals (SDGs) set by the United Nations and finds its mandate particularly interlinked to the fulfillment of SDG 4 (Quality Education) and SDG 8 (Decent Work and Economic Growth) directly, and many other goals indirectly as well.

In recognition of the efforts and impact, the United Nations (UN) Steering Committee on Children and Youth recognized the NUSSD Programme as a "Skill Development Best Practice" in the country.

11. Success Stories

Case 1: Vishal Sanjeev Mishra, Mumbai

Vishal Sanjeev Mishra hails from Rajapura, a small town in Uttar Pradesh, a town where Gauna System still exist and barter system prevailed much longer until 2014. His father relocated with his mother, 3 older brothers and him to Mumbai in 1998. His father works as a security guard, earning a meagre salary of Rs. 9000 per month. Life had always been a struggle for

the family. Vishal dreamt of being an engineer, however, he could not afford the steep fees and therefore decided to pursue BCom at Sree Narayana Guru College, arranging for fees by pawning his mother’s jewellery. It was there that his coordinator guided him to enrol for the NUSSD Programme, which he believes was a turning point in his life thus far. He enjoyed the practical form of learning, and was able to gain a clear understanding and exposure of difficult subjects like finance and law.

“My relationship with my father was strained earlier”, said Vishal. “For the first time, my father accompanied me to the NUSSD Placement meet and saw me introduce myself to everyone. I got an A grade in the Banking and Financial Services domain course and I saw pride in his eyes! I am proud to share that I secured a job at Manappuram Finance Limited at a salary of Rs. 15,500 per month, and it means a lot to me and my family. I owe a lot to NUSSD, Sree Narayana Guru College, and all my faculty and mentors who guided me to this achievement” Vishal beamed.

Curriculum aspects of Industrial Visit

Industrial visits give greater clarity about important management concepts, as students practically experience how these concepts are put into action.

In cost accounting students learn the process how goods flow from one process to another, students got to see this practically how the raw material reached to the finished product after several processing. Students know concepts of accounting related to these kinds of industry which is also there as a part of their curriculum.
7. For students pursuing professional education in Self Finance courses in the specialization field (Marketing and HR.), industrial visit helped them gain hands-on experience of how industry operations are executed.
8. Visit at "Yusuf Meherally Centre" helped Students Bridge the gap between theoretical training and practical learning in a real-life environment.
9. With industry visit, students were able to better identify their prospective areas of work in the overall organizational function.
10. It also helped students enhance interpersonal skills and communication techniques which are taught to them in their class rooms.

Industrial visit committee of the college conducted one day Industrial Visit for First year, Second year and Third year students of Degree College (Aided and Self Finance) on 12th February 2020.

351 students along with 12 faculties were assembled at the college premises. 7 buses (50 seats capacity) was arranged. We left the college premises by 7:45am. We reached at Yusuf Meherally Centre around 9:20am. There was breakfast arranged for students and faculties. As soon as Students reached there, they were served breakfast, and soon after, they all were guided towards an assembly hall and were instructed to take their respective positions and sit accordingly. Thereafter, a speaker from Yusuf Meherally (Mr Patil) came forward and gave a speech which highlighted the establishment of Yusuf Meherally Centre, struggle of Shri Yusuf Meherally, the contribution of Shri Yusuf Meherally in the independence of India and much more. He also said "the Center is in health care, education, empowering women and Adivasis (tribal), employment generation and relief. And it has branches in Konkan (Maharashtra), Kutch (Gujarat), Nagapattinam (Tamil Nadu), Orissa, M.P. and J & K". And he concluded his speech with a heart-rending message to love everyone and help the needy.

Here also some students purchased a few of those.
