REPORT OF MOU SIGNED BETWEEN ARISE MEDICAL ACADEMY, TALIPARAMBA, KERALA AND SREE NARAYANA GURU COLLEGE OF COMMERCE, CHEMBUR

2021-22

The Memorandum of Understanding (MOU) forged between Arise Medical Academy, situated in Taliparamba, Kerala, and Sree Narayana Guru College of Commerce, located in Chembur, aimed to cultivate a research-oriented environment among the faculty members. In line with this objective, a research project titled "A Study on the Impact of Social Media Marketing with reference to Facebook in Chembur Area" was meticulously conducted. Arise Medical Academy generously sponsored Rs. 5000 towards the realization of this research endeavor. The project, completed punctually, explored the dynamics of social media marketing, specifically focusing on Facebook, within the Chembur area. Through diligent data collection, analysis, and interpretation, the research team elucidated the implications and effectiveness of social media marketing strategies in the local context. The comprehensive findings and insights gleaned from the research project were promptly submitted to Arise Medical Academy, Taliparamba, Kerala, embodying the successful fulfillment of the objectives outlined in the MOU and fostering potential avenues for future collaborations between academia and industry.

RAMANUJAN COLLEGE

Ramanujan College is a constituent College of the University of Delhi (DU). It is inspired by the life and work of Srinivasa Aiyangar Ramanujan, one of the world's greatest mathematicians. The College has been accredited Grade "A" by the National Assessment and Accreditation Council (NAAC) in its First Cycle. It is located in the well-known area of Kalkaji, near Nehru Place, in South Delhi.

The College was established in 1958 as an evening college for boys with just five programmes. Since 2010, Ramanujan College has been expanding and now with the latest addition of B.Sc. Environmental Sciences (Hons) in 2020, it at present offers sixteen undergraduate programmes in different disciplines. This achievement, in alignment to the recommendations of the National Education Policy (NEP) 2020, makes the College a centre for interdisciplinary studies and research with a future focus on blended learning. It has gradually grown into a self-sufficient and self-reliant institution owing to its academic vigour and intellectual capital.

Ramanujan College was awarded the Deen Dayal Upadhyay – Knowledge Acquisition and Upgradation of Skilled Human Abilities and Livelihood (DDU KAUSHAL) Kendra in 2016 by the UGC, under which two vocational courses were started in Banking Operations and Software Development.

The College has conducted a Course on Human Rights, Environment and Ethics through its National Resource Centre (NRC), under the Annual Refresher Programme in Teaching (ARPIT) scheme of Ministry of Education (MoE). This Course was uploaded on MoE's Massive Open Online Course (MOOC) platform SWAYAM and many participants registered for it.

Ramanujan College offers various short-term diploma, certificate, and executive development programmes on contemporary and skill-oriented themes. These are conceived and designed by faculty members in consultation with external experts.

The courses get exceptional response from the students and are conducted throughout the academic session. They are open to alumni and students of all the colleges. Some of these courses support the curriculum, some prepare the students for higher studies and also accelerate the professional growth.

The College is the Study Centre of School of Open Learning (SOL), Non-Collegiate Women Education Board (NCWEB) and Indira Gandhi National Open University (IGNOU) for various courses. As an initiative towards students and teachers exchange programmes, the College has entered into Memorandum of Understanding(s) with foreign universities. It is also working for collaboration with other higher education institutions located in remote areas of the country, under the Vidya Vistar Scheme of the University of Delhi.

The prestigious Teaching Learning Centre was awarded to Ramanujan College in 2017 by the Ministry of Education, under the Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMMNMTT) scheme.

In pursuit of its vision: "Discover, Empower, Transform: Building A Better World", Ramanujan College is today perceived as one of the best colleges in the country.

TEACHING LEARNING CENTRE, RAMANUJAN COLLEGE

Teaching Learning Centre (TLC) is mandated by the Ministry of Education (MoE) to organise Faculty Development Programmes (FDPs), Faculty Orientation and Induction Programmes (FIPs), discipline specific and interdisciplinary Refresher Courses, conferences, workshops, through offline and online modes. These programmes are based on in-depth subject knowledge, quantitative and qualitative research methodologies, and on an interdisciplinary approach as is envisaged in the National Education Policy (NEP), 2020.

The TLC, Ramanujan College has been set up with the aim of "Reaching the Unreached" teachers in terms of regional diversity and geographically remote areas of the country. It has successfully conducted more than hundred learner-centric programmes since October 2017 and trained over one lakh teachers across the country in various discipline specific and interdisciplinary programmes.

In the TLC Programmes distinguished and internationally acclaimed resource persons deliver lectures and conduct sessions on wide ranging disciplines/topics of relevance in the contemporary and ever evolving global scenario to benefit the teaching fraternity, corporates and researchers. The sessions are also uploaded for larger audiences on the official YouTube Channel of the College.

Ramanujan College is a pioneer in offering offline/online courses for faculty members of higher education institutions and research scholars through the customised Learning Management System (LMS), designed by the College's Research Development and Services Cell. It is predominantly participant-friendly and incorporates evaluation methods and comprehensive feedback systems to judge learning outcomes. The LMS is hosted on CLOUD with high scalability and reliability. The College has installed its own Cloud Infrastructure to host its servers for research and data analysis.

19

SREE NARAYANA GURU COLLEGE OF COMMERCE

Sree Narayana Guru College of Commerce, established in the year 1986 with the mission of providing quality education to various strata of society, irrespective of caste, creed and socio economic status. The College is permanently affiliated to University of Mumbai and is recoginsed by UGC u/s. 2(f) and 12B of UGC Act.College is Re-accredited by NAAC with Grade 'B' -CGPA 2.45 (2019-2024). College offers 10 UG and 3 PG programs and also various career oriented Certificate Courses (Diploma & Domain) at free of charge to the students in association with TISS (Tata Institute of Social Sciences) under the scheme of NUSSD (National University Students' Skill Development). The pandemic has made it mandatory for all educational institutions to digitize the methods of teaching and learning processes and during this phase, we realise the connotation

20

of LMS and MOOCs. In support of digital pedagogy, we strongly support to equip the teaching fraternity with all modern techniques of teaching.

In this regard, we wish to conduct the National Level Two Weeks Multidisciplinary FDP on MOOCs in the month of December, 2021 in Collaboration with our College. The Concept of note for the FDP and the expected Themes for the FDP are given below.

CONCEPT NOTE

Massive Open Online Courses (MOOCs) have gained prominence in the last decade, and they have recently gained popularity with "Digital Initative" of Government of India. However, the concept and understanding about these courses is still not adequate. The present Refresher Course/Faculty Development Programme opens up a platform to discuss the intricacies of these courses.

Online courses serve as a bridge between the teachers and the learners and fill the gap for the off-site learners. It is a great initiative to provide blended learning for millions of students and

21

teachers across the globe. MOOCs create the opportunity for sharing the ideas and knowledge and also helps improve lifelong learning skills by providing easy access to global resources. In other words, they have transformed the spaces of teaching and learning and associated pedagogical skills.

With this programme, the participants will be able to explore the usage of online courses for learning, teaching and professional development. They will be able to build their capability to plan, design and implement online courses that are in tune with international standards. This will facilitate them to manage their curriculum and also in extending effective support to the students in terms of improved learning and communication. In addition to this, MOOCs would also provide analytics to improve learning. MOOCs also help in improving cross cultural relationships which leads to collaboration between institution, educators and learners locally and internationally.

THEMATICS

- **Applications for Online Classroom Engagement**
- **21st Century Digital Skills**
- **Four Quadrant Approach for developing MOOCs**
- **Blended Learning Techniques**
- **Tools for Active Participation**
- **Video creation software**
- **E-content development**
- **Introduction to the use of Artificial Intelligence in teaching**
- **Open Educational Resources**
- **Apps for enhanced assessment and evaluation**
- **Safety and Security in Online Teaching and Learning**

22

EXPECTED LEARNING OUTCOMES

After successful completion of the online program, the participants will be able to:

- Create e-content for their discipline using open source software tools
- Integrate OERs in their e-resources
- Design MOOCs pertaining to the specifications of the four Quadrant Model as specified by the Ministry of Education with the facility to share resources and also provision for assessment
- Design the framework for effective implementation of these online courses

REGISTRATION AND PAYMENT PROCESS

REPORT OF MOU SIGNED BETWEEN PINNACLE INFOTECH, KHARGHAR, NAVI MUMBAI AND SREE NARAYANA GURU COLLEGE OF COMMERCE, CHEMBUR

2021-22

The Memorandum of Understanding (MOU) established between Pinnacle Infotech, located in Kharghar, Navi Mumbai, and Sree Narayana Guru College of Commerce in Chembur facilitated the execution of a certificate course titled BSMART-PROGRAM. Under this collaboration, a total of 44 students from the Second Year of Information Technology (SYIT) and 30 students from the Third Year of Information Technology (TYIT) registered for and successfully completed the course. The BSMART-PROGRAM provided students with valuable insights and practical skills in their field of study, enhancing their employability and readiness for the industry. This initiative not only underscored the commitment of both parties to fostering academic excellence but also exemplified the effectiveness of industry-academia partnerships in bridging the gap between theoretical knowledge and practical application. The successful completion of the certificate course marked a significant milestone in the collaborative efforts between Pinnacle Infotech and Sree Narayana Guru College of Commerce, setting a precedent for future endeavors aimed at enriching the educational experience of students and preparing them for the challenges of the professional world.

Students Bank Account Opening under Jan Dhan Yojna

Date: 19th February 2022
Location: SNGC College, Chembur
Level: Area Level II
Overview: On 19th February 2022, the NSS unit organized an offline Students Bank Account Opening event at SNGC College, Chembur. The initiative aimed to promote financial literacy and encourage students to open bank accounts, fostering a culture of savings, financial planning, and economic independence among the youth.

Highlights:

1. Financial Literacy Session: Prior to the account opening process, a financial literacy session was conducted to educate students about the importance of banking, saving, and managing personal finances. Topics such as the benefits of having a bank account, different types of accounts, and basic banking services were covered.
2. Collaboration with Banking Institution: The event was organized in collaboration with a banking institution, which provided assistance and guidance to students regarding the account opening procedure, required documentation, and banking services available to them.
3. Account Opening Process: NSS volunteers facilitated the account opening process, assisting students in filling out account opening forms, verifying documents, and addressing any queries or concerns they had regarding banking procedures.
4. Promotion of Financial Inclusion: The event aimed to promote financial inclusion by encouraging students from diverse backgrounds to open bank accounts, thereby providing them with access to formal financial services and promoting economic empowerment.
5. Quantitative Impact: A total of 60 students participated in the account opening event, with 9 NSS volunteers providing assistance and support throughout the process.

Quantitative Impact:

- Number of Participants: 60 students
- Number of NSS Volunteers: 9
- Number of Bank Accounts Opened: Not specified

Outcomes: The Students Bank Account Opening event contributed to enhancing financial literacy and promoting financial inclusion among students. By opening bank accounts, students gained access to formal financial services, which can facilitate savings, transactions, and financial planning, ultimately contributing to their economic empowerment and financial well-being.

Conclusion: The Students Bank Account Opening event exemplifies the NSS unit's commitment to holistic development and empowerment of students. By promoting financial literacy and facilitating access to banking services, the initiative equips students with essential life skills and empowers them to make informed financial decisions, laying the foundation for a financially secure future. This report documents the Students Bank Account Opening event conducted at SNGC College, Chembur, on 19th February 2022, at the Area Level II.
