The Prayer was followed by a General Welcome for all the participants, the keynote speaker and the heads of the institutions given by Dr. Sumi Nijith. A welcome address was given by The Principal of Sree Narayana Guru College of Commerce, Dr Ravindran Karathadi. The Principal of Sree Narayana Guru College of Education (B.Ed.) , Dr. Anna Fernandas spoke about the importance of Research. Introduction About the Workshop was delivered by Dr. Jayasree, the Vice Principal, of Sree Narayana Guru College of Commerce. Introduction of the Keynote Speaker, Dr. Maushmi Datta, The Principal of Nagindas Khandwala College (Autonomous) was given by Dr Karishma Kasare.

Dr. Maushmi Datta, enlightened the participants with the nuances of preparing a research proposal scientifically and systematically. She emphasised upon the purpose of academic research is to seek the truth and new knowledge which enhances social development. She focused the participant's attention on the format of a research proposal for funding. She in detail differentiated the Ancient Research Proposal Structure and Modern Research Proposal Structure.

Under Modern Structure, Dr. Maushmi insisted that the project title should be framed with not more than 10 to 15 words, which should also be brief, clear, meaningful and easy to remember. She provided few examples for better clarity regarding the project title. She explained that, The Introduction of the topic should be written as a brief background of the study and why is it essential to research the topic. She further discussed the key sections of a proposal such as the core of the research which is The Problem statement, Research Objectives/Research Questions/Research Hypothesis, Review of Literature, Research methodology, Relevance of the proposed study and its Implications.

Dr. Maushmi emphasised the importance of a Literature review as, it is a discussion of gaps in research, it is a critical and analytical account of the existing research on a particular topic. The related literature can be searched from Google Scholar which is a subset of Google Web Search, which helps us to refer to the scholarly literature, including papers, theses, books and reports. The related literature review should include both old research and current ones for understanding the gap in the research carried out. The Methodology was discussed in detail such as the coverage, data source, data collection both primary and secondary and the data analysis. References and plagiarism were also explained. She threw light upon the Proposed Budget, Time frame, etc which should be mentioned in detail so that the funding agencies will get a clear picture of the proposal and approve it.

REPORT OF STATE LEVEL ONE WEEK FDP ON RESEARCH METHODOLOGY

The State level one week FDP on “Research Methodology” was organized by IQAC & Research Cell of Sree Narayana Guru College of Commerce in association with Sree Narayana Guru College of Education was started from 21st to 26th August, 2023 with the objective to equip the faculties with essential skills and knowledge to conduct effective research. 48 faculties of different streams belonging to higher education institutions situated in various parts of the Maharashtra State contributed to the success of the programme by their active participation and keen interaction.

I am honored to stand before you today to summarize the one-week Faculty Development Program (FDP) on Research Methodology that we have just completed. This intensive program has been a transformative experience for all of us, and I would like to highlight some key takeaways.

First and foremost, this FDP has emphasized the importance of research in academia. Research is the bedrock upon which knowledge is built, and it is through research that we can address the challenges facing our society and contribute to its betterment.

During this week, we delved deep into the various aspects of research methodology. We learned about different research paradigms, research designs, and data collection methods. We explored the nuances of qualitative and quantitative research, and we gained a comprehensive understanding of how to formulate research questions and hypotheses.

One of the crucial aspects of this FDP was the focus on ethical considerations in research. We understood the importance of conducting research with integrity, ensuring the rights and well-being of research participants, and maintaining academic honesty.

The first day of FDP handled by Dr. Mona Mehta, IQAC Coordinator and vice principal of Nagindas Khandwala college, Mumbai, She gave a clear idea of technical writing in research. She explained the goal and key aspects of technical writing in research.

The Second day of the session led by Dr. Amrita Aggarwal, her profound expertise was vividly displayed as she delved into multifaceted dimensions of research publication sources.

The third day of the session led by Mrs. Sonali Vatkar, Librarian, Nagindas Khandwala college, Mumbai. Sonali madam not only provided theoretical insights but also conducted practical demonstrations offering hands on training to the participants.

The 4th and 5th day of the FDP had the hands on session on Jamovi software, which is an open source statistical package that provides user friendly interface for analyzing the data. Dr. Madhukar Delvi sir, Assistant professor, Nagindas Khandwala college, Mumbai, shared his expertise through PPTs and interaction with the participants. His style of explanation was quite enriching and motivating for the participants.

The final day of the FDP handled by Dr, Maushmi Datta, Principal Nagindas college, Mum dai, on the topic of ‘ Overview of Research Methodology Including Ethics. She brilliantly explains different types of research methodology and ethical considerations for different stakeholders.

In conclusion, this one-week FDP on Research Methodology has equipped us with the knowledge, skills, and ethical foundation necessary for conducting meaningful research. As educators, researchers, and scholars, we have a responsibility to contribute to the advancement of knowledge, and this FDP has provided us with the tools to do just that.

I would like to express my gratitude to the management, organizers, facilitators, and fellow participants for making this FDP a success. Let us take the lessons learned here and apply them to our research endeavors, ultimately contributing to the growth of our academic community and the betterment of society as a whole.

**A Report on the 6th Multidisciplinary International Conference on “
Multifaceted Collaborations Bridging the Gap Between Industry and
Academia”**

Every country’s growth and development depend on skilled human forces. Industry and academia must align to bring sustainable development. In the Indian scenario, industrialists express dissatisfaction over the unskillful workforce due to the lacuna in the curriculum. Considering the need of time, the 6th multidisciplinary conference was organized by research cell and IQAC in collaboration with Sree Narayana Guru College of Education and Department of Commerce, University of Mumbai on “Multifaceted Bridging the Gap Between Industry and Academia” on 20th December 2023 in the College Seminar Hall.

The conference started with introductory remarks by Dr. Rashmi. She welcomed all dignitaries and participants and gave an overview of the conference with a focus on the purpose of the conference. It was followed by the ceremonial lighting of lamps by the dignitaries and prayer song. Principal, Dr. Ravindran Karathadi, gave a welcome address. He introduced the college to the dignitaries and the participants. He mentioned that Sree Narayana Guru College of Commerce was started in 1986 with the aim of uplifting the socially backward strata of the society. He added further that the college, based on the principles of Sree Narayana Guru, aims at providing higher education to students who are economically and socially backward. He said that the college was accredited thrice by NAAC and next year, it would be the fourth cycle of NAAC. Sir highlighted the importance of cultivating various skills rather than just getting a degree certificate, which most students aspire to. He mentioned that most of the students of the college belong to the financially backward category. Such students could not get a chance to study properly as they do some odd jobs. He added that institutes must provide qualified students to the industry and industry must come forward for collaboration with institutes for a win-win situation. He thus expressed the need to bridge the gap between industry and academia. He expressed his satisfaction by announcing the number of papers received. He said that the conference has received a total 63 research papers. He ended his speech with an appeal to industry and institutes to come together for a better future of India.

It was followed by felicitations of dignitaries. Shri O.Prasad Sir felicitated the chief guest of the conference, Dr. D.K.Sharma former Vice President, Godrej. Principal Sir felicitated the guest of honour of the conference, Ms.Soni Mishra, Global Director, CRISIL. Dr. Anna Fernandes, Principal, Sree Narayana Guru College of Education, felicitated the keynote speaker of the conference, Dr. Madhusree Sekar, Dean of Vocational Education, Tata Institute of Social Studies. Ms. Soni Mishra started her speech after her introduction by Ms. Naveena Suresh. She made a statement that education should be a means of achieving excellence rather than just getting certificates. She underlined the role of the institutes and the role of industry. She said that both sectors run parallel. She highlighted the teachers’ role is to provide good industrial leaders. They

must be updated about the requirements of industry. She expressed the need for an interface which can be used to bridge the gap between industry and academia. She also spoke about the role of alumni; alumni must create an industrial network; they should train and mentor the students. She further talked about the quality of the research. She said that the research should be based on the needs of industry so that it can resolve the problems of industries. Such institutes who promote industry-oriented research would differentiate themselves from others by providing quality education to students.

Dr. Rashmi introduced Shri O.K.Prasad sir, General Secretary, SNMS. Shri. O.K.Prasad sir supported the views shared by Ms. Soni Sharma by stating the need for collaboration between industry and academics. He expressed that the sustainable growth of India depends upon the development of students through quality education. He said that students should diagnose the problems of students and help them to excel in all regards so that they would be industry-ready. He also added that SNMS management always supports students' development and helps them to get better placement. He concluded his speech by wishing grand success to the organisers of the conference.

Dr. Sumi Nijith (Conference Secretary) gave an overview of the conference proceedings. She said that academia is theoretical, whereas industries are more practical, thus filling this gap is vital. Considering the gap between academia and industries, the 6th international conference was organised. The conference received 63 research papers across states and from abroad too.

Dr. Jayasree introduced the keynote speaker of the conference, Dr. Madhusree Sekar, Dean of Vocational Education, Tata Institute of Social Studies. Dr. Madhusree Sekar appreciated the college for providing quality education to all. She gave reference to NEP and said that it opens the doors that connect industry and academia. She expressed that institutes must do the analysis of employability quotient. The programmes should be based on the needs of industry. Faculties must strengthen the research capacity. She expressed the need for restructuring of the curriculum in consultation with industry, strengthening of faculty research, and strengthening of students' capacities, industry connect and establishment of a sector skill council.

Dr. Hinduja introduced Dr. D.K. Sharma, who emphasized the importance of passion, discipline, punctuality, and flexibility among students. Drawing from his 40 years of experience, he highlighted the gap between industry and academia. He stressed the need for collaboration among teachers, students, and the industry to contribute to India's goal of becoming a five trillion-dollar economy.

Towards the conclusion, attendees posed several enquiries to the resource persons, all of which were adeptly addressed by them. The inaugural function came to an end with the formal vote of thanks by Dr. Anna Fernandes.

REPORT COMPOST PIT CLEANING**

Date: July 14, 2023

Activity: NSS (National Service Scheme) volunteers conducted a cleaning operation of the compost pit.

Objective: The primary goal of this activity was to rejuvenate and activate the compost pit, ensuring it remains a sustainable and efficient means of organic waste disposal.

Summary:

On the specified date, NSS volunteers gathered to address the cleanliness and functionality of the compost pit. Over time, organic waste accumulation can lead to stagnation and reduced efficiency in composting processes. Hence, it was imperative to clean the pit thoroughly to promote effective decomposition.

Outcomes:

Improved Decomposition: By removing obstacles and introducing favorable conditions, the composting process is expected to accelerate, resulting in the timely production of nutrient-rich compost.

Enhanced Sustainability: The active management of the compost pit contributes to the sustainability of waste management practices on campus, reducing the burden on landfills and promoting environmental consciousness.

Community Engagement: Through their participation, NSS volunteers not only contributed to the physical cleaning of the pit but also fostered a sense of community responsibility and environmental stewardship.

Conclusion:

The successful cleaning and revitalization of the compost pit exemplify the proactive approach of NSS volunteers towards environmental sustainability. By actively managing organic waste through composting, the institution demonstrates its commitment to reducing its ecological footprint and fostering a greener, more sustainable campus environment.

Industrial Visit Committee Meeting Report and Proposed Visit to Hrushikesh Mussorie

Respected Sir and Madam,

We are writing to inform you of the outcomes of the recent meeting held by the Industrial Visit Committee on September 2nd, 2023. We have thoroughly analysed several proposals for this year's industrial visit and are pleased to present our final recommendation.

After careful consideration and taking into account the preferences and interests of our students, we have unanimously shortlisted Hrushikesh Mussorie as the ideal location for this year's industrial visit. Hrushikesh Mussorie offers a rich and diverse industrial landscape, which we believe will provide our students with valuable insights and exposure to various industries.

Furthermore, we are delighted to inform you that we are in advanced negotiations with P2P Educators, a reputable organization that has successfully conducted industrial visits for our institution in the past, including the highly successful trip last year. P2P Educators have offered a competitive package that includes industry visits, accommodation, and other essential amenities at a nominal cost of Rs. 10,500 per student.

For self-financed students who have already contributed Rs. 500 as part of their fees, the remaining amount to be paid will be Rs. 10,000. However, for B. Com and M. Com students, who have not had the Rs. 500 included in their fees, the full cost of Rs. 10,500 will apply. We believe that this pricing structure ensures fairness for all students and aligns with our commitment to provide valuable experiences at an affordable cost.

Additionally, the committee has decided to collect an extra amount of Rs. 200 per student as a contingency fund to cover unforeseen expenses during the trip. This will result in a total collection of Rs. 10,200 from self-financed students and Rs. 10,700 from B. Com and M. Com students.

The Industrial Visit Committee is dedicated to organizing the best possible trip for our students, and we have tentatively scheduled the visit to take place during the second week of January 2024. We are confident that this trip to Hrushikesh Mussorie will provide our students with valuable industry exposure and enhance their practical knowledge.

We kindly request your support and approval for this proposal so that we can proceed with the necessary preparations and arrangements.

Thank you for your attention to this matter, and we look forward to your positive response.

Sincerely,

Pishita Shukla
