ABOUT THE INSTITUTION

Sree Narayana Guru College of Commerce is one of the leading higher educational institutions permanently affiliated to University of Mumbai, recognized by UGC under section 2(f) & 12 B of UGC Act and reaccredited by NAAC with Grade 'B' (2.45 COPA). The College was established in 1986 to serve the student community living in & around Mumbai city upholding the principles of Sree Narayana Guru by Sree Narayana Mandira Samiti (SNMS), a registered educational and charitable trust formed in 1963 by devotees of Sree Narayana Guru, the legendary saint and social reformer born in Kerala.

"Gain Freedom through Education" was one of the clarion calls given by Sree Narayana Guru to millions of enslaved, oppressed and downtrodden masses to secure liberty, equality, fraternity & justice and to achieve social, economic and cultural progress.

The College offers education to all irrespective of caste, creed, religion and economic status. Commitment of the management to serve the society better with enhanced infrastructure and high-quality education is the strength of the institution. The College is housed in an independent building of Sree Narayana Guru Educational Complex on it's about 5 acres of land at Chembur.

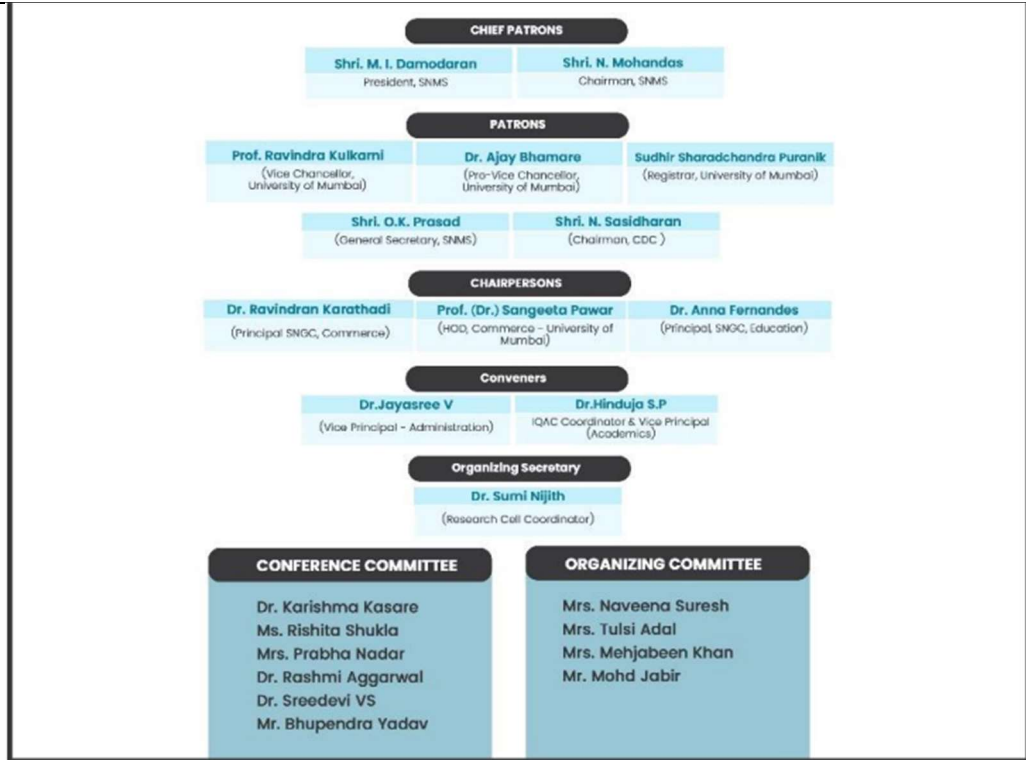

At present the College offers 12 UG Programmes and 4 PG Programmes and provides required employable skills in collaboration with TISS and many other organizations.

ABOUT THE CONFERENCE

The gap between industry and academia has been a persistent challenge in the modern world. While academic institutions focus on research, innovation, and knowledge dissemination, industries prioritize practical application, profitability, and market relevance. This dichotomy has often hindered the seamless transfer of knowledge, skills, and talent between these two spheres. However, in recent years, multi-faceted collaborations have emerged as a promising solution to bridge this gap.

Multi-faceted collaborations between industry and academia hold great promise for bridging the gap that has long existed between these two spheres. The significance of these collaborations lies in their potential to facilitate knowledge transfer, skill development, and innovation. Various forms of collaboration, including research partnerships, internships, and knowledge-sharing events, offer opportunities for mutual learning and growth.

ABOUT THE CONFERENCE

As the world is cautiously recovering from Covid19 pandemic situation, countries are charting a roadmap to accelerate economic growth and to build future resilience. Given that the global pandemic strained public resources, public-private partnerships (PPP) can be an effective tool to optimise private sector expertise and efficiency, raise private capital, leveraging scarce public funds, and build back better by offering efficient, quality services to the people.

As per the World Bank Report (2022), India ranks 4th in 15 trillion economies in the world and is the largest democracy. The Republic of India is a federal democracy that consists of 28 states and 8 union territories. India has been thriving in agriculture, manufacturing, technology and service sectors. Since the last decade, the rate of foreign direct investment inflow to India has grown steadily as some key policy changes were incorporated by the government to facilitate this growth.

This conference will address the issues of current economic slowdown and analyse strategies needed for India to become \$5 trillion economy in an uncertain and disequilibrium world.
