ACTION TAKEN REPORTS AND ACHIEVEMENT REPORT

CLEAN AND GREEN CAMPUS INITIATIVES

ASSESSMENT PERIOD

2019-20 TO 2023-24

Sree Narayana Guru College is dedicated to promoting environmental sustainability and responsible living, integrated with its primary mission of education. To reinforce this commitment, the college has embedded a comprehensive Green, Energy, and Environment Audit into its policy framework to prioritize environmental stewardship.

The institution has engaged in external audits, reflecting its ongoing dedication to sustainable development. Specialists from the external agency conducted an on-site evaluation, assessing the college's environmental practices, energy and water usage, and overall green initiatives.

The reports generated by these audits are meticulously reviewed by the college's authorities, prompting the implementation of targeted corrective actions and improvements to further enhance sustainability efforts. This comprehensive strategy demonstrates the institution's commitment to reducing its environmental impact and fostering a sustainable future for the planet.

Principal
Sree Narayana Guru
College Of Commerce
P. L. Lokhande Marg,
Chembur, Mumbai - 400 089.

The institution conducted the different quality audits which are Green, Energy and Environmental Audit through Greenviosolutions which is registered with Govt. of India's MSME Portal and the GEM Portal.

Subsequent to the reports provided by the auditing agency, the following measures have been put into effect:

1. Memorandum of Understanding with Stree Mukti Sanghatana to ensure the regular collection and recycling of different types of wastes.
2. Faculty, staff, and students are consistently reminded to disconnect and switch off electrical devices when not in use or after use, contributing to energy conservation. Display boards in each classroom reinforce this practice by promoting electricity-saving habits.
3. The campus has enhanced its energy efficiency by installing solar panels and routine maintenance checks on various equipment ensure optimal performance.
4. Regular water quality assessments are conducted to maintain high standards, accompanied by ongoing improvements to water management practices.
5. E waste generated from the institution is managed separately by disposing of it with concerned parties.
6. The Brihan Mumbai Municipal Corporation ensures daily collection of waste from the institution through its vehicle.
7. A cleanliness committee is constituted to overlook the activities required time to time to maintain cleanliness and hygiene in the campus.
8. Our National Service Scheme Unit plays a very important role in various environment sustainability activities like tree plantation, seed ball making, plastic and e waste collection drive, making Eco friendly Ganpati idols, Bamboo rakhis, maintaining the compost pit etc.

POLICY DOCUMENT ON GREEN CAMPUS

The green campus initiative presents an institution with the chance to lead in reshaping its environmental ethos and safeguarding the ecosystem. This policy will foster innovative co-curricular and extracurricular activities that motivate students and staff to spearhead positive environmental changes and to create awareness to protect the greenery around us.

Objectives of the Policy:

- To constitute a cleanliness committee to investigate the cleanliness of the campus along with the supporting staff.
- To safeguard and preserve the ecological systems and resources on campus.
- To ensure the efficient utilization of environmental resources to fulfil the needs and aspirations of current and future generations.
- To incorporate environmental considerations into policies, plans, and programs for social development.
- To maintain a plastic-free campus.
- To perform Environmental, Energy and Green audits from time to time.

INSTITUTIONAL POLICY ON ENVIRONMENT AND ENERGY USAGE

The College's policy on environment and energy usage aims to create a Clean and Green Campus where eco-friendly activities encourage sustainable practices on campus. Additionally, it gives the college a chance to redefine its environmental culture by encouraging stakeholders to practise environmental ethics.

Mission

Promoting environmental consciousness in the community among the stakeholders and actively take part in the fight to protect Earth from nefarious human activities in order to guarantee a sustainable, pollution-free, and healthy future for all.

Guidelines

- A separate committee to constituted for Cleanliness, Environment Conservation and Hygiene
- House keeping staff is to be appointed for daily entire College Campus
- The cleaning process must be monitored daily by the office In charge under the Guidance of the Committee under supervision Housekeeping In-Charge
- Timely maintenance of water purifying system should be done by the external agency.
- AMC related matters to be looked into by appropriate Office Staff.
- The NSS along with the Committee should play a major role in maintaining cleanliness and greenery in the campus.
- Plastic usage should be reduced to the minimum in the campus.
- Waste management system should be monitored regularly by Housekeeping In-Charge appointed by the Trust/Managing Body.

POLICY ON BAN ON PLASTIC USAGE IN THE INSTITUTION

The objective of this policy is to significantly reduce the consumption of single-use plastics within our institution to minimize environmental impact, promote sustainability, and foster a culture of responsible resource management.

1. To prohibit the usage of single use plastic in the campus.
2. To encourage the staff and the students to use reusable alternatives for single use plastics.
3. To schedule and conduct sessions in the campus with the help of cleanliness committee, National Service Scheme Units etc to create sensitization about the harmful impacts of single use plastics.
4. To optimize the waste disposal systems to encourage proper sorting and recycling of non-plastic materials.
5. To encourage the students to carry out similar campaigns at the community level being responsible citizens.

REPORT AND GEO TAGGED PHOTOS OF VARIOUS ACTIVITIES DURING THE ASSESSMENT PERIOD

SREE NARAYANA GURU COLLEGE OF COMMERCE NSS DEPARTMENT

1. REPORT ON SEED COLLECTION DRIVE AT SNGC COLLEGE

Date: July 15, 2023

Introduction:

On July 15, 2023, a Seed Collection Drive was organized at SNGC College, spearheaded by our NSS volunteers. The initiative aimed to promote environmental sustainability and biodiversity conservation by collecting seeds from each class within the college premises.

KeyDetails:

The Seed Collection Drive was coordinated by dedicated NSS volunteers who actively engaged with participants to gather seeds from every class. A total of 26 participants, including 16 boys and 10 girls, enthusiastically contributed to the seed collection drive, demonstrating their commitment to environmental stewardship. The collection drive took place within the premises of SNGC College, providing a convenient and accessible location for participants to participate in the initiative. The drive spanned over 2 hours, allowing ample time for volunteers to traverse through various classrooms and collect seeds from each class.

Highlights:

Active Participation: Participants demonstrated a high level of enthusiasm and eagerness to contribute to the seed collection drive, underscoring their dedication to environmental conservation efforts.

Conclusion:

The Seed Collection Drive at SNGC College, organized by our NSS volunteers, exemplified the collective commitment towards environmental sustainability and biodiversity conservation. Through active participation and collaboration, participants contributed to the preservation of local plant species and the promotion of greener campus environments. Organize follow-up activities, such as seed planting workshops or tree plantation drives, to further engage participants in environmental conservation efforts. Establish a seed bank or exchange program within the college to facilitate seed sharing and promote community involvement in conservation initiatives. Integrate environmental education and awareness-building activities into the college curriculum to foster a culture of environmental responsibility and stewardship among students

STUDENT COLLECTING SEEDS FOR SEED BALL MAKING ACTIVITY

**SREE NARAYANA GURU COLLEGE OF COMMERCE
NSS DEPARTMENT**

2. REPORT ON SEED BALL MAKING EVENT

Date: 21-07-2023

Participants: 26 NSS Volunteers (16 boys, 10 girls)

Introduction: On the 21st of July 2023, an enthusiastic group of 26 NSS volunteers, comprising 16 boys and 10 girls, came together to participate in a significant environmental initiative - seed ball making. The event aimed to create seed balls that would later be utilized for seed bombing in Adai Village, fostering biodiversity and ecological sustainability in the region.

Objective: The primary objective of the seed ball making event was to promote afforestation and ecological conservation through a hands-on approach. By creating seed balls, the volunteers aimed to contribute to the restoration of green cover in Adai Village, thereby enhancing the local ecosystem and mitigating environmental degradation.

Process: Under the guidance of experienced environmentalists and facilitators, the volunteers engaged in the process of seed ball making with great enthusiasm and dedication. The process involved mixing seeds of native plant species with clay, compost, and water to form small, compact balls. These seed balls serve as a protective covering for seeds, providing them with a conducive environment for germination and growth.

Collaboration and Coordination: The success of the event was facilitated by effective collaboration and coordination among the volunteers. Working in teams, they efficiently divided tasks, ensuring smooth operation throughout the seed ball making process. Additionally, the supportive environment fostered camaraderie among the volunteers, further enhancing their sense of purpose and commitment to the cause.

Conclusion: The seed ball making event conducted on the 21st of July 2023 stands as a testament to the collective efforts and commitment of the NSS volunteers towards environmental conservation and sustainable development. Through their active participation and dedication, they have not only contributed to the greening of Adai Village but have also set a precedent for future initiatives aimed at fostering a harmonious relationship between humanity and nature.

3. REPORT ON TREKKING, CLEANLINESS DRIVE, AND SEED BOMBING ACTIVITY

Date: 22-07-2023

Participants: 22 NSS Volunteers (12 boys, 10 girls)

Introduction: On the 22nd of July 2023, a group of 22 enthusiastic NSS volunteers, comprising 12 boys and 10 girls, embarked on a transformative journey encompassing trekking, a cleanliness drive, and seed bombing activity. The event aimed to promote environmental stewardship, community engagement, and sustainable development in the region.

Objective: The primary objective of the trekking and cleanliness drive was to raise awareness about the importance of environmental conservation and cleanliness while fostering a sense of responsibility towards maintaining the ecological balance. Additionally, the seed bombing activity aimed to contribute to afforestation efforts in Adai Village using seeds collected from students in college.

Trekking and Cleanliness Drive: The volunteers commenced their journey with a 5-kilometer trek from Panvel Station to Adai Village, traversing through scenic landscapes and natural terrain. Along the way, they conducted a cleanliness drive, collecting and disposing of litter to enhance the aesthetic appeal and ecological integrity of the region. The trek provided an opportunity for the volunteers to connect with nature, appreciate its beauty, and reflect on the importance of preserving it for future generations.

Seed Bombing Activity: Upon reaching Adai Village, the volunteers proceeded with the seed bombing activity, utilizing the seeds collected from students in college. Seed bombs, consisting of clay, compost, and seeds of native plant species, were strategically dispersed in areas identified for afforestation. This hands-on activity not only facilitated the restoration of green cover but also symbolized a collective commitment to nurturing the environment and promoting biodiversity.

Collaboration and Engagement: The success of the event was made possible by the collaborative efforts and active engagement of the volunteers. Through teamwork and coordination, they seamlessly integrated trekking, cleanliness drive, and seed bombing activity, maximizing their impact and effectiveness. The spirit of camaraderie and shared purpose fostered a sense of unity and empowerment among the volunteers, inspiring them to continue their efforts towards environmental conservation and community development.

4. WASTE MANAGEMENT

Date: 08-08-2023

Introduction:

The Waste Management event organized by the National Service Scheme (NSS) on 08-08-2023 aimed to address the pressing issue of waste disposal and promote sustainable waste management practices within the community.

Activities:

Participants engaged in various activities, including waste segregation, recycling workshops, and cleanliness drives. These activities were designed to raise awareness about the importance of proper waste disposal and encourage behavioural change towards reducing, reusing, and recycling waste.

Impact:

With a total of 103 participants actively involved in the event, significant progress was made in promoting responsible waste management practices. Participants gained practical knowledge about waste segregation techniques and the importance of environmental stewardship.

Conclusion:

The Waste Management event served as a platform for fostering environmental consciousness and instilling a sense of responsibility towards maintaining cleanliness and hygiene in the community. Through collective efforts, the NSS successfully advocated for sustainable waste management practices and inspired positive change among participants.

5. TREE PLANTATION DRIVE

Date: 11-08-2023

Introduction:

The Tree Plantation Drive organized by the National Service Scheme (NSS) on 11-08-2023 aimed to contribute to the ongoing efforts of afforestation and environmental conservation.

Activities:

Participants actively participated in planting saplings of various tree species at designated locations. The event also included educational sessions on the importance of trees in mitigating climate change, maintaining ecological balance, and enhancing biodiversity.

Impact:

With a total of 29 participants joining hands for the tree plantation drive, a significant number of saplings were successfully planted, contributing to the green cover of the region. Participants gained first-hand experience in tree plantation and developed a deeper appreciation for the role of trees in sustaining life on Earth.

Conclusion:

The Tree Plantation Drive not only helped in increasing the green cover but also sensitized participants towards environmental conservation. By actively engaging in tree planting activities, the NSS reaffirmed its commitment to promoting sustainable development and creating a greener, healthier planet for future generations.

6. RALLY ON MERI MATI MERA DESH

Date: 12-08-2023

Introduction:

The Rally on "Meri Mati Mera Desh" organized by the National Service Scheme (NSS) on 12-08-2023 aimed to instill a sense of patriotism and environmental responsibility among the youth.

Activities:

Participants marched through the streets, carrying placards and banners with messages advocating for environmental conservation and national pride. The rally also featured speeches, cultural performances, and interactive sessions highlighting the importance of preserving the nation's natural heritage.

Impact:

With 50 enthusiastic participants actively involved in the rally, the event succeeded in generating awareness about the need to protect the environment and uphold the values of patriotism. Participants were inspired to take proactive measures towards safeguarding the nation's natural resources.

**9. SWACHHATA HI SEWA & PLASTIC WASTE MANAGEMENT
WORKSHOP**

Date: 01-10-2023

Introduction:

The Swachhta Hi Sewa & Plastic Waste Management Workshop organized by the National Service Scheme (NSS) on 01-10-2023 aimed to promote cleanliness, hygiene, and effective management of plastic waste within the community.

Process:

Under the guidance of experienced environmentalists and facilitators, the volunteers engaged in the process of seed ball making with great enthusiasm and dedication. The process involved mixing seeds of native plant species with clay, compost, and water to form small, compact balls. These seed balls serve as a protective covering for seeds, providing them with a conducive environment for germination and growth.

Activities:

Apart from seed ball making, the workshop also focused on educating participants about the hazards of plastic pollution and the importance of waste segregation, recycling, and proper disposal. Interactive sessions, demonstrations, and practical exercises were conducted to enhance participants' understanding of sustainable waste management practices.

Impact:

With 52 volunteers actively participating in the workshop, significant progress was made in promoting environmental awareness and instilling a sense of responsibility towards waste management. Participants gained practical skills in seed ball making and learned effective strategies for reducing plastic waste in their daily lives.

Conclusion:

The Swachhta Hi Sewa & Plastic Waste Management Workshop served as a platform for promoting environmental stewardship and fostering a culture of cleanliness and sustainability. Through hands-on activities and educational initiatives, the NSS reaffirmed its commitment to creating a cleaner, greener, and healthier environment for all.

10.REPORT PLASTIC COLLECTION DRIVE

Date: October 10, 2023

Activity: NSS (National Service Scheme) department organized a Plastic Collection Drive involving 52 students.

Objective:

The primary objective of this initiative was to raise awareness about the detrimental effects of plastic pollution and to encourage responsible disposal practices among students. By collecting plastic waste, the aim was to mitigate environmental harm and promote a cleaner, more sustainable community.

Summary:

On October 10, 2023, the NSS department orchestrated a concerted effort to address the issue of plastic pollution. Engaging 52 enthusiastic students, the drive aimed to mobilize collective action towards the collection and proper disposal of plastic waste. Participants were encouraged to bring plastic materials from their homes, thereby fostering a sense of personal responsibility for waste management.

Outcomes:

Quantifiable Impact: The collective efforts of 52 students resulted in the collection of 10 kg of plastic waste, symbolizing a tangible step towards addressing plastic pollution.

Behavioural Change: Through active participation, students not only contributed to waste reduction but also internalized the importance of responsible waste management practices.

Community Engagement: The Plastic Collection Drive fostered a sense of community engagement and environmental stewardship, reinforcing the role of individuals in effecting positive change.

Conclusion:

The Plastic Collection Drive organized by the NSS department exemplifies the power of collective action in tackling environmental challenges. By mobilizing students to actively participate in waste collection and disposal, the initiative not only promotes cleaner surroundings but also cultivates a culture of environmental responsibility and sustainability.

12. JUHU BEACH CLEANLINESS DRIVE

Date: 30/11/2023

Introduction:

The Juhu Beach Cleanliness Drive organized by the National Service Scheme (NSS) on 30/11/2023 aimed to promote environmental stewardship and raise awareness about the importance of preserving marine ecosystems.

Activities:

Participants actively engaged in cleaning up the Juhu Beach, one of Mumbai's iconic coastal areas, by collecting litter, debris, and plastic waste. They worked tirelessly to restore the beach to its natural beauty and prevent further pollution of the marine environment.

Impact:

With 30 volunteers participating in the cleanliness drive, a significant amount of waste was removed from the beach, contributing to the improvement of local environmental conditions. The event also served as a catalyst for raising awareness about the detrimental effects of marine pollution and the importance of responsible waste management practices.

Conclusion:

The Juhu Beach Cleanliness Drive exemplified the NSS's commitment to environmental conservation and community service. By actively participating in the clean up efforts, volunteers demonstrated their dedication to preserving natural habitats and promoting sustainable living practices. The success of this event underscores the importance of collective action in addressing environmental challenges and safeguarding the planet for future generations.

**22.Choo Machar Activity: Combating Mosquito-Borne Diseases in
Nearby Communities**

Date: September 2023 to February 2024

Venue: Chembur, Govandi

Level: Area Based Activity

No. of participants : 25 students

Introduction:

Sree Narayana Guru College of Commerce students initiated a proactive community engagement project, dubbed "Choo Machar Activity," aimed at raising awareness about mosquito-borne diseases and preventative measures. The activity encompassed conducting surveys in nearby areas and educating locals on disease transmission and prevention strategies.

Survey Conduct:

Students meticulously conducted surveys in the vicinity, gathering crucial data on the prevalence of mosquito-borne diseases, breeding sites, and community awareness levels. This data served as a foundation for tailored awareness campaigns.

Awareness Campaign:

Armed with survey insights, students orchestrated a multifaceted awareness campaign within the community. Through interactive workshops, informative pamphlets, and engaging presentations, they elucidated the risks associated with diseases like dengue, malaria, and chikungunya. Additionally, students disseminated practical prevention techniques, including proper waste disposal, eliminating stagnant water, and utilizing mosquito repellents.

Impact:

The Choo Machar Activity yielded tangible results, fostering heightened community awareness and proactive involvement in disease prevention. Locals exhibited a newfound understanding of disease transmission dynamics and embraced preventative measures, thereby reducing mosquito breeding grounds and mitigating disease risks.

Conclusion:

Sree Narayana Guru College of Commerce's Choo Machar Activity exemplifies the power of grassroots initiatives in combating mosquito-borne diseases. Through proactive engagement and targeted education, students catalysed positive behavioural changes within the community, paving the way for a healthier and more resilient society.

5. Activity Name: Participation Majhi Vasundhara

Date: June 7, 2022

Venue: Worli Fort

Level: University Level

Objective: The objective of the event was to inaugurate "Majhi Vasundhara," a nature conservation initiative aimed at promoting environmental awareness and sustainable practices among students and the community. The inauguration ceremony marked the beginning of efforts to protect and preserve the natural resources of the region.

Description: The NSS unit organized the inauguration of "Majhi Vasundhara" at Worli Fort, signaling the launch of a nature conservation initiative in the region. The event commenced with an opening ceremony attended by NSS volunteers, university officials, local leaders, and members of the community. The ceremony included speeches highlighting the importance of environmental conservation and the role of individuals in safeguarding natural resources. A symbolic tree planting ceremony was also conducted to signify the commitment to protecting the environment. Following the inauguration, participants engaged in interactive sessions and workshops focused on sustainable practices, waste management, and biodiversity conservation.

Participants: 14 NSS volunteers and fourteen community members participated in the inauguration ceremony.

Outcome: The inauguration of "Majhi Vasundhara" marked the beginning of a concerted effort to promote environmental stewardship and sustainable development in the region. The event served as a rallying point for individuals and communities to come together in support of nature conservation initiatives. Through interactive sessions and workshops, participants gained insights into practical measures they could take to reduce their ecological footprint and contribute to a healthier planet. The initiative underscored the NSS unit's commitment to social responsibility and community engagement, emphasizing the importance of collective action in addressing environmental challenges and securing a sustainable future for all.

Celebration of Majhi Vasundhara at Worli Fort

9. Activity Title: Participating in Beach Cleaning Drive conducted by "My Green Society"

Date: 17-09-2022

Location: Worli Seaface Garden

Participants: 20 students

Objective: The objective of participating in the beach cleaning drive conducted by "My Green Society" was to contribute towards environmental sustainability and raise awareness about the importance of maintaining clean and healthy beaches. Through active participation, the aim was to collect and dispose of waste responsibly, thereby preserving marine ecosystems and promoting community engagement in environmental conservation efforts.

Description: On September 17, 2022, the university actively participated in a beach cleaning drive organized by "My Green Society" at Worli Seaface Garden. Twenty volunteers from the university's student body enthusiastically engaged in the cleanup activities, working collaboratively to collect and dispose of waste littered along the beachfront. Equipped with necessary cleaning tools and protective gear, the volunteers diligently cleared the shoreline, picking up various forms of waste such as plastic bottles, wrappers, and debris.

Outcome: The beach cleaning drive yielded significant results, with a total of 113 kilograms of waste collected and responsibly disposed of. The active involvement of university volunteers demonstrated a commitment to environmental stewardship and civic responsibility. The cleanup initiative not only contributed to the immediate improvement of the beach's cleanliness but also served as a platform to educate participants and the community about the detrimental effects of marine pollution. By fostering a sense of collective responsibility and environmental consciousness, the activity reinforced the university's commitment to sustainable development and community engagement.

Conclusion: The university's participation in the beach cleaning drive organized by "My Green Society" exemplifies its dedication to promoting environmental sustainability and fostering a culture of social responsibility among its stakeholders. Moving forward, the institution remains committed to supporting such initiatives and actively engaging in efforts aimed at protecting and preserving the environment for future generations.

12. Activity Title: Participating in Monorail Cleanliness Drive on the Occasion of Gandhi Jayanti

Date: 2nd October 2022

Type: Offline

Location: Chembur Monorail Station

Level: Area Level II

Objective: The objective of this activity was to commemorate the birth anniversary of Mahatma Gandhi by promoting cleanliness and hygiene in public spaces. The cleanliness drive aimed to instill the values of cleanliness and community service inspired by the teachings of Gandhi.

Description of Activities: On 2nd October 2022, the NSS unit participated in a cleanliness drive organized at the Chembur Monorail Station on the occasion of Gandhi Jayanti. NSS volunteers actively engaged in cleaning the station premises, including platforms, waiting areas, and surrounding areas. They collected and disposed of litter, swept the floors, and ensured the proper disposal of waste materials. The cleanliness drive also included awareness activities to educate commuters and passersby about the importance of maintaining cleanliness in public spaces.

Participants: 09 NSS volunteers participated in the cleanliness drive at the Chembur Monorail Station.

Outcomes/Achievements: The participation of NSS volunteers in the cleanliness drive contributed to improving the cleanliness and hygiene standards at the Chembur Monorail Station. The initiative not only beautified the surroundings but also raised awareness among the public about the significance of cleanliness in preserving the environment and promoting public health. By commemorating Gandhi Jayanti through this service-oriented activity, the NSS unit upheld the values of simplicity, selflessness, and community service espoused by Mahatma Gandhi.

Future Plans/Follow-up Actions: In the future, the NSS unit plans to continue organizing cleanliness drives and other service-oriented activities to contribute to community development and promote civic responsibility. Efforts will be made to collaborate with local authorities and organizations to expand the scope and impact of such initiatives and foster a culture of cleanliness and environmental stewardship within the community.

26. Activity: Cleanliness drive at Shivaji Nagar (Community level)

Date: 16.11.22

No of Beneficiaries: 49

Resource Person: Mr. Zamir Qureshi (Socialist)

Department of Lifelong Learning and Extension (DLLE) Volunteers organized a cleanliness drive in Shivaji Nagar. The initiative aimed to promote cleanliness, instill a sense of community responsibility, and contribute to the overall improvement of the locality.

Objectives:

1. To clean up littered areas and public spaces in Shivaji Nagar.
2. To raise awareness about the importance of cleanliness and waste management.
3. To engage the local community in active participation towards maintaining cleanliness.

Volunteers reached out to the residents of Shivaji Nagar, informing them about the cleanliness drive and encouraging their participation. Local authorities were also informed about the initiative to ensure cooperation and support. The cleanliness drive resulted in a significant improvement in the overall cleanliness of Shivaji Nagar. Littered areas were cleared, making the locality more aesthetically pleasing and hygienic.

1. Tree Plantation Activity on World Environment Day

Date: June 6, 2021

Type: Offline

Location: SNGC College, Chembur & Mahul Gav, Vashi Naka

Coverage: Area Level I

Participation: 9 participants

Objective: The main objective of this activity was to contribute to environmental sustainability and biodiversity conservation by organizing a tree plantation drive on World Environment Day.

Description: On June 6, 2021, in observance of World Environment Day, the NSS unit undertook a tree plantation activity at two distinct locations: SNGC College, Chembur, and Mahul Gav, Vashi Naka. The aim was to actively engage volunteers in the restoration and enhancement of green spaces within the community.

Activities Undertaken:

1. Selection of appropriate tree species suitable for the respective locations, considering factors such as soil type, climate, and ecological requirements.
2. Procurement of saplings from local nurseries or relevant authorities, ensuring the quality and viability of the plants.
3. Mobilization of volunteers and coordination of logistics for transportation, tools, and equipment required for planting.
4. Conducting an orientation session to brief participants on proper planting techniques, including digging pits, handling saplings, and watering practices.
5. Distribution of responsibilities among team members to ensure efficient execution of the plantation drive at both sites.
6. Documentation of the number and species of trees planted, as well as the names and contributions of volunteers involved in the activity.

Outcomes:

1. Plantation of a total of 9 trees across the designated locations, contributing to the expansion of green cover and promotion of biodiversity.
2. Active participation and engagement of volunteers in hands-on environmental conservation efforts, fostering a sense of ownership and stewardship towards nature.

Principal
Sree Narayana Guru
College Of Commerce
P. L. Lokhande Marg,
Chembur, Mumbai - 400 089.

3. Creation of aesthetically pleasing and ecologically valuable green spaces that provide numerous benefits, including carbon sequestration, air purification, and habitat creation.
4. Sensitization of the local community to the importance of tree planting and environmental stewardship, inspiring individuals to take proactive measures for a sustainable future.

Conclusion: The Tree Plantation Activity on World Environment Day organized by the NSS unit exemplifies a tangible and impactful initiative aimed at addressing environmental challenges and promoting community involvement in conservation efforts. By planting trees and nurturing green spaces, the activity not only contributes to the mitigation of climate change but also fosters a deeper connection between individuals and their natural surroundings. Moving forward, it is essential to sustain the momentum generated by this activity and actively engage stakeholders in ongoing initiatives to safeguard our environment for future generations.

5. Eco-Friendly Ganesh Utsav Celebration in Adopted Area (Eco-friendly Tree Ganpati Idol)

Total participants: 30 students

Introduction:

The Eco-Friendly Ganesh Utsav celebration aimed to promote environmental sustainability and encourage eco-conscious practices during the festive season. Organized in collaboration with local volunteers and residents, the event focused on adopting eco-friendly measures, including the use of tree Ganpati idols and minimizing environmental impact during Ganesh Utsav festivities.

Events:

Volunteers Meeting with Mandal for Eco-Ganpati:

Date: 29-08-2021

Location: Limoni Baug, Chembur

Level: College Level

Participants: 4 volunteers

Description: A meeting was held with the Mandal to discuss the implementation of eco-friendly initiatives for Ganesh Utsav. Four volunteers actively participated, laying the groundwork for sustainable celebrations.

Volunteers Meeting for Eco-Ganpati:

Date: 04-09-2021

Location: Limoni Baug, Chembur

Level: College Level

Participants: 7 volunteers

Description: Another meeting was conducted to finalize plans for the Eco-Ganpati celebration. Seven volunteers attended, brainstorming ideas and strategies to promote eco-consciousness among residents.

Ganesh Utsav in Adopted Area (Eco-friendly Tree Ganpati Idol):

Date: 10-09-2021

Location: Limoni Baug, Chembur

Level: Area Level II

Participants: 15 volunteers

Description: The main event featured the installation of an eco-friendly tree Ganpati idol in the adopted area. Fifteen dedicated volunteers worked tirelessly to organize the celebration, emphasizing the importance of sustainable practices.

Ganpati Visarjan in Adopted Area (Eco-friendly Tree Ganpati Idol):

Date: 19-09-2021

Location: Limoni Baug, Chembur

Level: Area Level I

Participants: 4 volunteers

Description: The eco-friendly celebrations concluded with the immersion of the tree Ganpati idol. Four volunteers participated in the visarjan ceremony, ensuring that the immersion was conducted in an environmentally responsible manner.

Outcome:

The Eco-Friendly Ganesh Utsav celebration succeeded in raising awareness about sustainable practices and reducing environmental impact during the festive season. Through collaborative efforts and community engagement, the event fostered a sense of responsibility towards protecting the environment and preserving natural resources.

Conclusion:

The Eco-Friendly Ganesh Utsav celebration exemplified the spirit of environmental stewardship and community collaboration. By adopting eco-friendly measures and promoting sustainable traditions, the event demonstrated a commitment to preserving the planet for future generations. Moving forward, similar initiatives can further contribute to building eco-conscious communities and fostering a culture of sustainability.

9. Plastic Bottle Collection Campaign

Date: October 6 - October 29, 2021

Total participants: 105 students

Objectives:

- To collect plastic bottles from college premises and nearby areas to promote environmental sustainability.
- To raise awareness about the importance of plastic waste management.

Activities:

1. October 6, 2021 - Day 1:
 - Location: SNGC College & Chembur
 - Participants: 7 NSS Volunteers
2. October 7, 2021 - Day 2:
 - Location: SNGC College & Chembur
 - Participants: 10 NSS Volunteers
3. October 8, 2021 - Day 3:
 - Location: SNGC College & Chembur
 - Participants: 8 NSS Volunteers
4. October 9, 2021 - Day 4:
 - Location: SNGC College & Chembur
 - Participants: 7 NSS Volunteers
5. October 11, 2021 - Day 5:
 - Location: SNGC College, Chembur

- Location: Shivaji Nagar, Govandi
- Participants: 12 NSS Volunteers

11. October 29, 2021 - Day 11:

- Location: Shivaji Nagar, Govandi
- Participants: 13 NSS Volunteers

Outcomes:

- A total of 30 kg. plastic bottles were collected throughout the campaign.
- Increased participation and outreach led to a greater impact on environmental sustainability and waste management awareness in both college and adopted areas.

Challenges Faced:

- No significant challenges were reported during the campaign.

Conclusion: The NSS team's dedicated efforts in organizing and executing the Plastic Bottle Collection campaign have made a tangible impact on promoting environmental sustainability and raising awareness about plastic waste management. Through collaborative action, the NSS volunteers have demonstrated their commitment to community welfare and environmental stewardship.

10. Eco-Friendly Ganesh Utsav in Adopted Area (Eco-friendly Tree Ganpati Idol)

Name of collaborating Unit: NSS

Participants: 25 Students

Introduction:

This report provides an overview of the community service activities conducted by volunteers in the Deonar Colony area. The activities focused on Ganpati decoration using recycled materials and promoting eco-friendly practices during the Ganesh Utsav celebrations.

Objective:

The primary objective of the community service activities was to promote environmental sustainability and creativity by encouraging the use of recycled materials for Ganpati decoration. Additionally, the activities aimed to raise awareness about eco-friendly practices during the Ganesh Utsav festival.

Methodology:

Volunteers engaged in two main activities: Ganpati Decoration (Best Out of Waste) and Ganesh Utsav in Adopted Area (Eco-friendly Tree Ganpati Idol). These activities involved creative endeavors and community engagement to promote environmental consciousness.

Activities and Outcomes:

Date: 16-08-2020 to 21-08-2020

Activity: Ganpati Decoration (Best Out of Waste)

Location: Deonar Colony

Number of Volunteers: 20

Outcome: Volunteers utilized recycled materials to create Ganpati decorations, promoting sustainability and creativity within the community.

Date: 22-08-2020 to 25-08-2020

Activity: Ganesh Utsav in Adopted Area (Eco-friendly Tree Ganpati Idol)

Location: Deonar Colony

Number of Volunteers: 5

Outcome: Volunteers organized eco-friendly Ganesh Utsav celebrations, including the installation of a Tree Ganpati Idol, demonstrating a commitment to environmental preservation during religious festivities.

Principal
Sree Narayana Guru
College Of Commerce
P. L. Lokhande Marg,

3. Activity: Conducted a nursery visit.

Location: Murar Road, Mulund

Date: July 10, 2019

Name of collaborating Unit: NSS

Participants: 16

Description: The NSS unit organized a nursery visit to Murar Road, Mulund, aimed at raising awareness about environmental conservation and promoting green initiatives. Participants had the opportunity to explore the nursery and learn about various plants, trees, and their importance in maintaining ecological balance. Guided by experts, they received insights into plant care, propagation techniques, and the role of nurseries in biodiversity conservation. Additionally, interactive sessions were conducted to discuss the significance of tree plantation, sustainable landscaping, and green practices in mitigating environmental degradation and combating climate change.

Participants: A total of 16 NSS volunteers actively participated in the nursery visit.

Conclusion:

The nursery visit provided participants with hands-on experience and knowledge about environmental conservation and green initiatives. By engaging in interactive learning activities, volunteers gained a deeper understanding of the importance of preserving biodiversity and adopting sustainable practices for a greener future.

Outcomes:

1. Environmental Awareness: Participants gained awareness about the significance of plants and trees in maintaining ecological balance and mitigating environmental challenges.
2. Hands-on Learning: The nursery visit provided a practical learning experience, allowing volunteers to observe and learn about various plant species and their cultivation methods.
3. Advocacy: Volunteers were inspired to advocate for environmental conservation and promote green initiatives within their communities, fostering a culture of environmental stewardship.

Introduction:

The NSS unit of Sree Narayana Guru College of Commerce, in collaboration with Kotak NGO and other NGOs, has undertaken several tree plantation activities in the surrounding communities. These activities align with the institution's commitment to social responsibility and environmental sustainability.

Objective:

The primary objective of the tree plantation activities was to promote environmental consciousness and contribute to ecological balance by increasing green cover in the region. Additionally, these initiatives aimed to foster a sense of community engagement among volunteers and beneficiaries.

Principal

5. Event Title: Poster Making Competition on Swachhata Hi Seva

Institution Name: SNGC, Chembur

Date of Event: July 30, 2019

Name of collaborating Unit: NSS

Number of Participants: 21

1. Introduction:

The Poster Making Competition on Swachhata Hi Seva was organized at SNGC, Chembur, with the objective of raising awareness about cleanliness and sanitation among students. This initiative was aligned with the national Swachh Bharat Abhiyan (Clean India Mission) and aimed to instill a sense of responsibility towards community hygiene.

2. Activities Undertaken:

Theme Introduction: Participants were briefed about the theme focusing on promoting cleanliness, hygiene practices, and the significance of Swachhata Hi Seva.

Artistic Expression: Participants were provided with art supplies and encouraged to creatively design posters conveying messages related to cleanliness and the objectives of Swachhata Hi Seva.

Time-limited Competition: The competition was conducted within a specified time frame to challenge participants to showcase their artistic skills under pressure.

Judging Criteria: Posters were evaluated based on visual impact, relevance to the theme, creativity, clarity of message, and adherence to competition guidelines.

Exhibition and Prize Distribution: Completed posters were displayed for viewing, followed by a prize distribution ceremony to recognize and reward the winners.

3. Participants:

A total of 21 students actively participated in the Poster Making Competition, demonstrating their enthusiasm for promoting cleanliness awareness and artistic expression.

4. Impact:

Cleanliness Awareness: The competition contributed to raising awareness among students about the importance of cleanliness and sanitation, promoting healthier living environments.

Principal
Sree Narayana Guru
College Of Commerce
P. L. Lokhande Marg,
Chembur, Mumbai - 400 089.

Creative Expression: Participants had the opportunity to express their creativity while contributing to a meaningful cause related to public hygiene and social welfare.

Community Engagement: The competition fostered community engagement and collaboration among students, faculty, and staff, promoting a collective effort towards building cleaner and healthier communities.

5. Conclusion:

The Poster Making Competition on Swachhata Hi Seva at SNGC, Chembur, effectively promoted cleanliness and sanitation awareness, aligning with the objectives of the national Swachh Bharat Abhiyan. By encouraging artistic expression and community engagement, the competition empowered students to become advocates for positive social change and contribute towards building a cleaner and healthier society.

7. Report on Promotion and Sale of Bamboo Rakhi

Name of collaborating Unit: NSS

Number of Participants: 31

1. Activity Details:

Date: 08-10-2019

Activity 1: Promotion of Bamboo Rakhi (Class to Class)

Organizer: SNGC, Chembur

Level: College Level

Volunteers: 17

Activity 2: Sale of Bamboo Rakhi In College Premises

Organizer: SNGC, Chembur

Level: College Level

Volunteers: 14

Number of Rakhi Sold: 150

2. Objectives:

Promote eco-friendly alternatives during festive seasons.

Generate awareness about sustainable practices.

Support local artisans and promote bamboo-based products.

3. Description:

On 8th October 2019, SNGC, Chembur organized two events to promote and sell bamboo rakhi within the college premises. The first event involved 17 volunteers who actively promoted bamboo rakhi among students through a class-to-class campaign. This aimed to educate peers about the benefits of eco-friendly rakhi and encourage them to purchase such products.

The second event witnessed the sale of bamboo rakhi within the college premises. 14 volunteers facilitated the sale, resulting in the successful distribution of 150 bamboo rakhi. This initiative not only provided students with eco-friendly alternatives for their festive celebrations but also supported local artisans engaged in bamboo crafts.

4. Impact:

Raised awareness: The activities effectively raised awareness about eco-friendly alternatives, encouraging students to make environmentally conscious choices.

Principal
Sree Narayana Guru
College Of Commerce
P. L. Lokhande Marg,
Chembur, Mumbai - 400 089.

Community engagement: Through active participation, students engaged with the initiative, contributing to its success and impact.

Economic support: The sale of bamboo rakhi provided economic support to local artisans practicing bamboo craft, promoting sustainability at both ecological and economic levels.

5. Conclusion:

The promotion and sale of bamboo rakhi by SNGC, Chembur, exemplify the college's commitment to sustainability and community engagement. By encouraging the adoption of eco-friendly practices and supporting local artisans, the initiative aligns with broader environmental and social goals.

10. Activity: Eco-friendly Tree Ganpati Idol Preparation and Celebration of Eco-Friendly Ganesh Utsav

Name of collaborating Unit: NSS

Number of Participants: 25

Activity Overview:

The Eco-Friendly Ganesh Chaturthi celebration was conducted in the adopted area of Limoni Baug, Chembur, with the aim of promoting sustainable practices during the festival. The event spanned from August 28th to August 31st, 2019, and was organized by Sree Narayana Guru College (SNGC), Chembur.

Activity Details:

Date: August 28th, 2019

Activity: Basic Colouring of Eco-friendly Tree Ganpati Idol

Location: Limoni Baug, Chembur

Level: Area Level I

Volunteers: 4

Dates: August 29th to August 31st, 2019

Activity: Eco-Friendly Ganesh Chaturthi Celebration

Location: Limoni Baug, Chembur

Level: Area Level I

Volunteers: 21

Highlights:

Eco-Friendly Approach: The celebration emphasized the use of eco-friendly materials for Ganesh idols and decorations, minimizing environmental impact.

Community Engagement: Volunteers actively engaged with the community in Limoni Baug, promoting awareness about the importance of eco-friendly practices during festivals.

Skill Enhancement: The basic colouring activity provided an opportunity for artistic expression while also promoting the use of eco-friendly materials.

Sree Narayana Guru
College Of Commerce
P. L. Lokhande Marg,
Chembur, Mumbai -400 089.

Volunteer Participation: A total of 25 volunteers from SNGC, Chembur, participated in the activities, demonstrating a strong commitment to environmental sustainability and community service.

Impact:

Environmental Conservation: By promoting eco-friendly practices, the event contributed to the conservation of natural resources and reduction of pollution.

Community Empowerment: Through engagement and awareness initiatives, the event empowered the residents of Limoni Baug to adopt sustainable practices in their festivities.

Educational Outreach: The activities served as educational opportunities, raising awareness about the significance of celebrating festivals in an environmentally responsible manner.

The Eco-Friendly Ganesh Chaturthi celebration in Limoni Baug, Chembur, exemplified the spirit of environmental stewardship and community collaboration, fostering a culture of sustainability for future generations.

11. Compost Pit Maintenance Report

Date: September 14, 2019 to October 23, 2019 to

Event: Compost Pit Maintenance

Location: SNGC, Chembur

Name of collaborating Unit: NSS

Number of Participants: 10

Objective:

The Compost Pit Maintenance initiative aimed to promote sustainable waste management practices and environmental conservation by maintaining and managing compost pits within the premises of SNGC, Chembur.

Participants:

- **Volunteers:** Two individuals participated in the Compost Pit Maintenance activity, demonstrating their commitment to promoting sustainable waste management practices and environmental stewardship.

Impact:

1. **Improved Waste Management:** The maintenance of compost pits contributes to the effective management of organic waste generated within the premises of SNGC, reducing the amount of waste sent to landfills and promoting recycling and reuse.
2. **Environmental Conservation:** Composting helps mitigate the environmental impact of organic waste by diverting it from landfills, reducing greenhouse gas emissions, and enriching soil health through the production of nutrient-rich compost.
3. **Educational Opportunity:** The initiative provided participants with practical experience in composting and waste management, fostering awareness and understanding of sustainable practices among the college community.

Conclusion:

The Compost Pit Maintenance activity at SNGC, Chembur, exemplifies the college's commitment to environmental sustainability and community engagement. By actively maintaining compost pits and promoting sustainable waste management practices, participants

contribute to the preservation of natural resources and the promotion of a greener, healthier environment.

14. Activity Report: Poshan Abhiyan Poster Exhibition & Cleaning & Decoration of NSS Notice Board

Date: September 23, 2019

Location: SNGC, Chembur

Name of collaborating Unit: NSS

Number of Participants: 7

Overview: The Poshan Abhiyan Poster Exhibition and Cleaning & Decoration of NSS Notice Board, organized at SNGC, Chembur, on September 23, 2019, was a multifaceted initiative aimed at promoting awareness about nutrition and hygiene while enhancing the visual appeal of the NSS notice board.

Activities:

The activity included two main components: the Poshan Abhiyan Poster Exhibition and the Cleaning & Decoration of NSS Notice Board. Participants were involved in setting up the poster exhibition, which featured informative posters on nutrition and hygiene. They also engaged in cleaning and decorating the NSS notice board to create an attractive and informative display area.

Conclusion: The combined efforts of participants in organizing the Poshan Abhiyan Poster Exhibition and Cleaning & Decoration of NSS Notice Board reflect the college's commitment to promoting health and hygiene awareness among its community members. By engaging in such initiatives, the college fosters a culture of wellness and social responsibility, ultimately contributing to the well-being of its stakeholders

15. Activity: Plastic Collection Drive

Date: 26/09/2019

Location: SNGC, Chembur

Name of collaborating Unit: NSS

Participants: 3 NSS Volunteers

Details:

On 26th September 2019, the NSS unit at SNGC, Chembur, organized a Plastic Collection Drive as part of its ongoing environmental conservation efforts. The drive aimed to address the pressing issue of plastic pollution and promote sustainable waste management practices within the local community.

Despite the modest participation of 3 NSS volunteers, the impact of the drive was significant. Equipped with gloves, bags, and other necessary equipment, the volunteers actively engaged in collecting plastic waste from designated areas in and around the college campus.

The Plastic Collection Drive focused on raising awareness about the harmful effects of plastic pollution on the environment and advocating for the adoption of eco-friendly alternatives. Volunteers interacted with members of the community, educating them about the importance of reducing, reusing, and recycling plastic materials to mitigate environmental degradation and protect natural resources.

Throughout the duration of the drive, the NSS volunteers demonstrated commendable dedication and enthusiasm, working diligently to collect and segregate plastic waste in an organized manner. The collected plastic waste was properly disposed of or sent for recycling, contributing to the reduction of plastic pollution and the promotion of a cleaner and healthier environment.

Despite the small-scale nature of the initiative, the Plastic Collection Drive exemplified the NSS unit's commitment to fostering environmental consciousness and promoting sustainable living practices among the youth. By actively participating in initiatives like this, NSS volunteers play a vital role in driving positive change and creating a more sustainable future for generations to come.

20. Report: Plastic Collections Competition Conducted by SMS

Date: September 30, 2019

Venue: SNGC, Chembur

Name of collaborating Unit: NSS

Participants: 9

The Plastic Collections Competition organized by Stree Mukti Sanghatna (SMS) on September 30, 2019, at SNGC, Chembur, aimed to promote environmental consciousness and sustainable waste management practices among the local community. With 9 enthusiastic participants, the competition encouraged individuals to actively engage in the collection and recycling of plastic waste.

Participants were tasked with collecting and properly disposing of plastic waste from their surroundings. The competition provided a platform for individuals to showcase their commitment to environmental preservation while fostering a sense of responsibility towards waste management

The Plastic Collections Competition served as a reminder of the collective responsibility we share in combating environmental challenges. It underscored the importance of individual actions in creating a positive impact on the environment and encouraged ongoing efforts towards sustainable waste management practices. Overall, the competition was a testament to the power of community engagement in promoting environmental sustainability and fostering a culture of environmental stewardship.

24. Report: Rally on Waste Management

Date: October 2, 2019

Venue: Dr. Ambedkar Udhyan, Chembur

Name of collaborating Unit: NSS

Participants: 13

On October 2, 2019, a Rally on Waste Management was organized from Chembur Station to Dr. Ambedkar Udhyan, Chembur, with the participation of 13 individuals at the area level. The rally aimed to raise awareness about the importance of waste management practices and promote environmental sustainability within the local community.

Participants marched along the designated route, carrying placards and banners with messages advocating for responsible waste disposal, recycling, and pollution reduction. The rally provided a platform for community members to come together and voice their support for initiatives aimed at preserving the environment and mitigating the impact of waste on public health and well-being.

Despite the modest turnout, the rally garnered attention from passersby and residents, sparking conversations about the need for collective action to address environmental challenges. The event served as a call to action for individuals to adopt more sustainable lifestyle choices and contribute to building a cleaner and greener future for generations to come.

In conclusion, the Rally on Waste Management was a testament to the power of community mobilization in raising awareness and driving positive change on environmental issues. It underscored the importance of collective action and grassroots initiatives in promoting environmental stewardship and sustainability at the local level.

26. Activity Report: Extraction of 22 kg Organic Compost Fertilizer by Recycling College Canteen & College Waste

Date: November 19, 2019

Location: SNGC, Chembur

Name of collaborating Unit: NSS

Participants: 5

Overview:

The extraction of 22 kg of organic compost fertilizer through the recycling of college canteen and college waste at SNGC, Chembur, was a commendable initiative aimed at promoting sustainability and environmental consciousness within the college community. By converting waste materials into valuable compost fertilizer, the activity contributed to waste reduction and eco-friendly practices.

Objectives:

- To recycle college canteen and college waste to produce organic compost fertilizer.
- To promote environmental awareness and sustainable practices among students and staff.
- To demonstrate the potential of waste recycling in generating valuable resources for agricultural purposes.

Activities:

The extraction process involved collecting organic waste materials from the college canteen and other areas of the campus. These materials were then subjected to composting techniques to facilitate decomposition and conversion into nutrient-rich compost fertilizer. Participants actively engaged in the collection, sorting, and processing of waste materials throughout the extraction process.

Principal
Sree Narayana Guru
College Of Commerce
P. L. Lokhande Marg,
Chembur, Mumbai - 400 089.

Outcome:

The successful extraction of 22 kg of organic compost fertilizer signifies the effectiveness of waste recycling initiatives in generating valuable resources for agricultural use. The activity not only promoted sustainable practices but also raised awareness about the importance of waste management and environmental stewardship among the college community.

Conclusion:

The extraction of organic compost fertilizer from college waste at SNGC, Chembur, exemplifies the college's commitment to sustainability and environmental responsibility. By harnessing the potential of waste recycling, the college contributes to the conservation of natural resources and the promotion of eco-friendly practices, setting a positive example for the broader community

27. Activity: Coconut Shell Collection Drive

Date: 28/11/2019

Location: SNGC, Chembur

Name of collaborating Unit: NSS

Participants: 3 NSS Volunteers

Details:

On 28th November 2019, the NSS unit at SNGC, Chembur, organized a Coconut Shell Collection Drive to promote environmental sustainability and waste management practices within the local community.

Three NSS volunteers actively participated in the drive, which aimed to collect discarded coconut shells from households and public spaces. Coconut shells are organic waste materials that can be recycled and repurposed into various products, such as handicrafts, biofuel, and compost.

During the collection drive, volunteers engaged with residents and encouraged them to donate their discarded coconut shells instead of disposing of them as regular waste. They explained the environmental benefits of recycling coconut shells and emphasized the importance of reducing organic waste in landfills.

The collected coconut shells were stored and later transported to recycling facilities or utilized for eco-friendly initiatives such as composting or crafting. By repurposing coconut shells, the NSS unit promoted resource conservation and demonstrated a commitment to sustainable living practices.

The Coconut Shell Collection Drive served as a tangible example of community-led environmental action, highlighting the role of youth in driving positive change. Through their participation, NSS volunteers raised awareness about waste management and inspired residents to adopt more eco-friendly habits in their daily lives.

The NSS unit at SNGC, Chembur, remains dedicated to organizing initiatives that contribute to environmental conservation and social responsibility. By engaging in activities like the Coconut Shell Collection Drive, NSS volunteers actively contribute to building a greener, cleaner, and more sustainable future for all.

28. Report: Volunteers Made 1500 Seed Balls

Date: December 3, 2019

Venue: SNGC, Chembur

Name of collaborating Unit: NSS

Participants: 87

On December 3, 2019, volunteers at SNGC, Chembur, undertook the commendable task of making 1500 seed balls as part of an area-level initiative. The activity aimed to promote reforestation and biodiversity conservation through the innovative technique of seed bombing.

Engaging a total of 87 volunteers, the seed ball making activity involved the meticulous preparation of seed balls by encapsulating seeds within a mixture of clay, compost, and water. Volunteers worked collaboratively to ensure the efficient production of seed balls, which would later be dispersed in degraded areas to promote vegetation growth and ecosystem restoration.

The 1500 seed balls produced during the activity represent a tangible contribution towards reforestation efforts and habitat restoration, serving as seeds of hope for the regeneration of degraded landscapes. The initiative not only raised awareness about the importance of biodiversity conservation but also inspired others to join in the ongoing efforts to protect and preserve our natural heritage.

In conclusion, the volunteers' collective effort in making 1500 seed balls exemplifies the spirit of environmental activism and community solidarity in combating environmental degradation and promoting ecological sustainability. It serves as a shining example of how small actions can collectively make a big difference in safeguarding our planet for future generations

33. Report: Plastic Collection Drive in Chota Kashmir

Date: January 5, 2020

Venue: Chota Kashmir, Goregaon

Name of collaborating Unit: NSS

Participants: 7

On January 5, 2020, a Plastic Collection Drive was organized at Chota Kashmir, Goregaon, with the participation of 7 individuals at the area level. The drive aimed to address the growing problem of plastic pollution in the area and promote environmental cleanliness and sustainability.

Participants actively engaged in collecting plastic waste from the surroundings, including parks, water bodies, and public spaces. They worked diligently to gather and segregate plastic debris, ensuring proper disposal and recycling of the collected waste.

Despite the modest participation, the Plastic Collection Drive made a significant impact in raising awareness about the harmful effects of plastic pollution and the importance of responsible waste management practices. By actively participating in the drive, volunteers demonstrated their commitment to protecting the environment and preserving natural ecosystems.

The Plastic Collection Drive in Chota Kashmir served as a reminder of the collective responsibility we share in combating plastic pollution and safeguarding the planet for future generations. It underscored the importance of individual actions in creating a cleaner and healthier environment for all.

34. Report: Tree Plantation Drive in Chota Kashmir

Date: January 5, 2020

Venue: Chota Kashmir, Goregaon

Name of collaborating Unit: NSS

Participants: 17

On January 5, 2020, a Tree Plantation Drive was conducted at Chota Kashmir, Goregaon, with the participation of 17 individuals at the area level. The drive aimed to enhance green cover and promote environmental conservation and biodiversity in the area.

Participants actively engaged in planting saplings of indigenous tree species, contributing to the restoration of the local ecosystem and creating green spaces for the community to enjoy. They worked tirelessly to prepare the planting sites, dig holes, and plant saplings with care and attention.

The Tree Plantation Drive made a significant impact in enriching the biodiversity of Chota Kashmir and improving the ecological health of the area. By planting trees, volunteers not only beautified the surroundings but also mitigated the effects of climate change, provided habitat for wildlife, and improved air quality.

The initiative served as a testament to the power of collective action in addressing environmental challenges and fostering sustainability. It exemplified the importance of community participation and collaboration in creating a greener and more resilient future for all.

35. Activity: Picking of National Flag from roadside area near college

Date: 27/01/2020

Location: SNGC, Chembur

Name of collaborating Unit: NSS

Participants: 14 NSS Volunteers

Details:

On 27th January 2020, a group of 14 NSS volunteers from SNGC, Chembur, participated in a noble initiative to pick up National Flags that were disposed of in a roadside area near the college premises. This activity was undertaken to uphold the dignity and respect of the National Flag and promote cleanliness and civic responsibility within the community.

The NSS volunteers, equipped with gloves and garbage bags, meticulously combed through the roadside area, carefully collecting and gathering discarded National Flags. Each Flag was handled with reverence and respect, reflecting the patriotic values instilled in the volunteers through the NSS program.

The activity not only focused on the physical act of picking up the Flags but also served as an opportunity to educate the volunteers and the community about the significance of the National Flag and the proper protocols for its disposal. Through discussions and interactions during the activity, the volunteers emphasized the importance of treating the National Flag with utmost respect and ensuring its dignified disposal as per the guidelines laid down by the Flag Code of India.

By actively participating in the picking of National Flags from the roadside area, NSS volunteers demonstrated their commitment to upholding national symbols and fostering a sense of civic pride and responsibility. The activity also highlighted the NSS unit's dedication to promoting cleanliness, environmental sustainability, and respect for national symbols within the college and the surrounding community.

The initiative received positive feedback from both the college community and local residents, underscoring the impact of small yet meaningful acts of service and patriotism. Through initiatives like this, NSS volunteers continue to make a tangible difference in their communities while upholding the values of social responsibility and national pride.

**47. Activity : Poster making competition on Global Warming
(College Level)**

Date : 1.10.2019

Name of collaborating Unit: DLLE

Participants: 26 Students

Resource Person : Judged by Mr. Sayyed Sir (SNGHS)

This session was organized to motivate creative action on climate change with a compelling poster making competition for students. Few topics were given to students to explore their art and ideas through poster.

Theme : Global Warming and its Impact (choose a specific aspect or keep it broad)

Possible Sub-themes:

- Rising sea levels and disappearing coastlines.
- Extreme weather events like floods, droughts, and wildfires.
- Threats to wildlife and ecosystems.
- Shifting weather patterns and impacts on agriculture.
- Solutions and actions we can take (Renewable energy, conservation, etc.)
