REPORT OF STATE LEVEL ONE WEEK FDP ON RESEARCH METHODOLOGY

The State level one week FDP on “Research Methodology” was organized by IQAC & Research Cell of Sree Narayana Guru College of Commerce in association with Sree Narayana Guru College of Education was started from 21st to 26th August, 2023 with the objective to equip the faculties with essential skills and knowledge to conduct effective research. 48 faculties of different streams belonging to higher education institutions situated in various parts of the Maharashtra State contributed to the success of the programme by their active participation and keen interaction.

I am honored to stand before you today to summarize the one-week Faculty Development Program (FDP) on Research Methodology that we have just completed. This intensive program has been a transformative experience for all of us, and I would like to highlight some key takeaways.

First and foremost, this FDP has emphasized the importance of research in academia. Research is the bedrock upon which knowledge is built, and it is through research that we can address the challenges facing our society and contribute to its betterment.

During this week, we delved deep into the various aspects of research methodology. We learned about different research paradigms, research designs, and data collection methods. We explored the nuances of qualitative and quantitative research, and we gained a comprehensive understanding of how to formulate research questions and hypotheses.

One of the crucial aspects of this FDP was the focus on ethical considerations in research. We understood the importance of conducting research with integrity, ensuring the rights and well-being of research participants, and maintaining academic honesty.

The first day of FDP handled by Dr. Mona Mehta, IQAC Coordinator and vice principal of Nagindas Khandwala college, Mumbai, She gave a clear idea of technical writing in research. She explained the goal and key aspects of technical writing in research.

The Second day of the session led by Dr. Amrita Aggarwal, her profound expertise was vividly displayed as she delved into multifaceted dimensions of research publication sources.

The third day of the session led by Mrs. Sonali Vatkar, Librarian, Nagindas Khandwala college, Mumbai. Sonali madam not only provided theoretical insights but also conducted practical demonstrations offering hands on training to the participants.

The 4th and 5th day of the FDP had the hands on session on Jamovi software, which is an open source statistical package that provides user friendly interface for analyzing the data. Dr. Madhukar Delvi sir, Assistant professor, Nagindas Khandwala college, Mumbai, shared his expertise through PPTs and interaction with the participants. His style of explanation was quite enriching and motivating for the participants.

The final day of the FDP handled by Dr, Maushmi Datta, Principal Nagindas college, Mumda, on the topic of ‘ Overview of Research Methodology Including Ethics. She brilliantly explains different types of research methodology and ethical considerations for different stakeholders.

In conclusion, this one-week FDP on Research Methodology has equipped us with the knowledge, skills, and ethical foundation necessary for conducting meaningful research. As educators, researchers, and scholars, we have a responsibility to contribute to the advancement of knowledge, and this FDP has provided us with the tools to do just that.

I would like to express my gratitude to the management, organizers, facilitators, and fellow participants for making this FDP a success. Let us take the lessons learned here and apply them to our research endeavors, ultimately contributing to the growth of our academic community and the betterment of society as a whole.
