Dear Madam/Sir

Greetings from Akshara!

We would like to thank you for your collaboration with Akshara in bringing together our webinar, **Unpacking Gender: Domestic Violence In Lockdown**, with Panellists Rahul Bose and Dr. Trupti Jhaveri Panchal along with Chief Guest Dr. Uma Shankar from SIES College. With your collaboration, we have been able to reach your college students and raise awareness on a very important issue of the rise of domestic violence in the pandemic.

We began with understanding the impact of COVID-19 and the subsequent lockdown on women. Being the primary caregivers and domestic workers inside their homes, a lockdown like situation hits them the worst. Dr. Trupti discussed how violence perpetrated by men themselves trapped indoors and their means to earn severely impacted, was a way to retrieve their lost sense of "manhood". Rahul Bose also threw light on how patriarchy accords the highest power to men, giving them the right to be violent towards their partners and women in their families without any consequences. Our entire discussion can be accessed [here](#).

However, we are concerned that the mobilization strategy needs to be readdressed in order to ensure increased turnout. Before the webinar, we could together mobilize over 900 registrations and yet we only had around 200 students turnout for the webinar, out of the total 483 participants present. A detailed report is shared below.

Improving our mobilization strategy would optimize the efforts put by Akshara and colleges and help us reach out to larger student groups. Despite all our efforts, very few registered students participated. We would really appreciate it if we could have a conversation on how we can improve and get more student participation in future programs.

Since Akshara and the collaborating college will be giving joint certificates to those who attended we will soon share a list of students from your college who were present for the Webinar.

Akshara Centre values the relationship that it has shared with NSS for more than 10 years, now. It is with your support that we have been able to engage hundreds of young minds towards gender equality through various activities in the past and we look forward to collaborating again in the near future!

Sub: Appreciation for participation of students from Shree Narayan Guru College in Akshara's Youth for Change Program 2022-23

Greetings from Akshara Centre, a not-for-profit women's organization working for the empowerment of women and girls. At Akshara, all of us want to create – and participate in – a society where all women can live a violent-free, dignified life with no discrimination. We dream of a society in which we can all be creative and productive members. One of our projects is Youth for Change Program (YCP) under which we work with young girls and boys from 25 colleges under Mumbai University. Our objective is to build their capacity on issues like Gender and Citizenship.

Your college was one of those 25 colleges and we take the pleasure to appreciate the performance of your college throughout the year of YCP 2022-23. In total 25 volunteers participated last year. We really treasure Prof Rishita Shukla's cooperation with us and her necessary guidance to volunteers throughout the year. She was very proactive in encouraging students to participate in all our activities.

Our collaboration with your college is achieving a new milestone every year and we look forward to cherish this relationship for many more years in future. Thank you for your continued support and cooperation.

Sincerely,

Nandita Shah
