22nd July, 2023

Resume Building Session Using ICT Tools

The Resume Building Session tailored for SY Data Science and Information Technology students was conducted on 22nd July, 2023 from 11.00 am at Lab no.01. The session aimed to equip students with the necessary skills and knowledge to create compelling resumes using Information and Communication Technology (ICT) tools effectively.

Attendance: The session witnessed a strong turnout with 69 students actively participating.

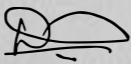

Session Overview: The session commenced with an introduction highlighting the significance of a well-crafted resume in the tech industry. Various strategies for structuring and formatting resumes for maximum impact were discussed, emphasizing the importance of customization and relevance.

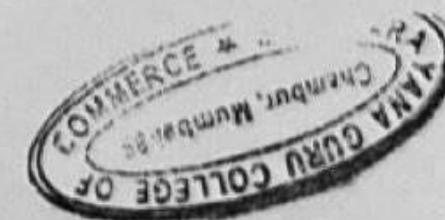

Key Learnings:

1. **Importance of Resumes:** The facilitator emphasized the critical role of resumes in showcasing skills, experiences, and achievements to potential employers.
2. **Structuring and Formatting:** Students learned about the importance of clear and concise formatting, including sections such as education, work experience, skills, and projects.
3. **Utilization of ICT Tools:** Practical demonstrations were conducted on utilizing ICT tools such as Microsoft Word, Google Docs, and online resume-building platforms to create visually appealing resumes.
4. **Tailoring Resumes:** Students were provided with insights on tailoring resumes to highlight specific skills and experiences relevant to Data Science and Information Technology roles.
5. **Online Presence:** Tips were shared on optimizing online presence through professional networking platforms like LinkedIn, including strategies for creating a compelling LinkedIn profile.

Interactive Sessions: The session included interactive components such as group discussions and Q&A sessions, allowing students to engage actively and seek clarification on resume-building techniques and best practices.

Conclusion: Overall, the Resume Building Session using ICT tools proved to be highly informative and beneficial for SY Data Science and Information Technology students. Participants gained valuable insights into crafting effective resumes tailored to the requirements of the tech industry. The session concluded with encouragement for students to apply the learnings acquired to enhance their professional profiles and increase their competitiveness in the job market.

09th March, 2024

Artificial Intelligence Session

Introduction: The AI Session dedicated to Data Science and Information Technology students was conducted on 09th March, 2024 from 11.00 am at Lab No.2. The session aimed to provide students with insights into Artificial Intelligence (AI) and its practical applications within their fields of study.

Attendance: The session witnessed a significant turnout, with 49 enthusiastic students in attendance.

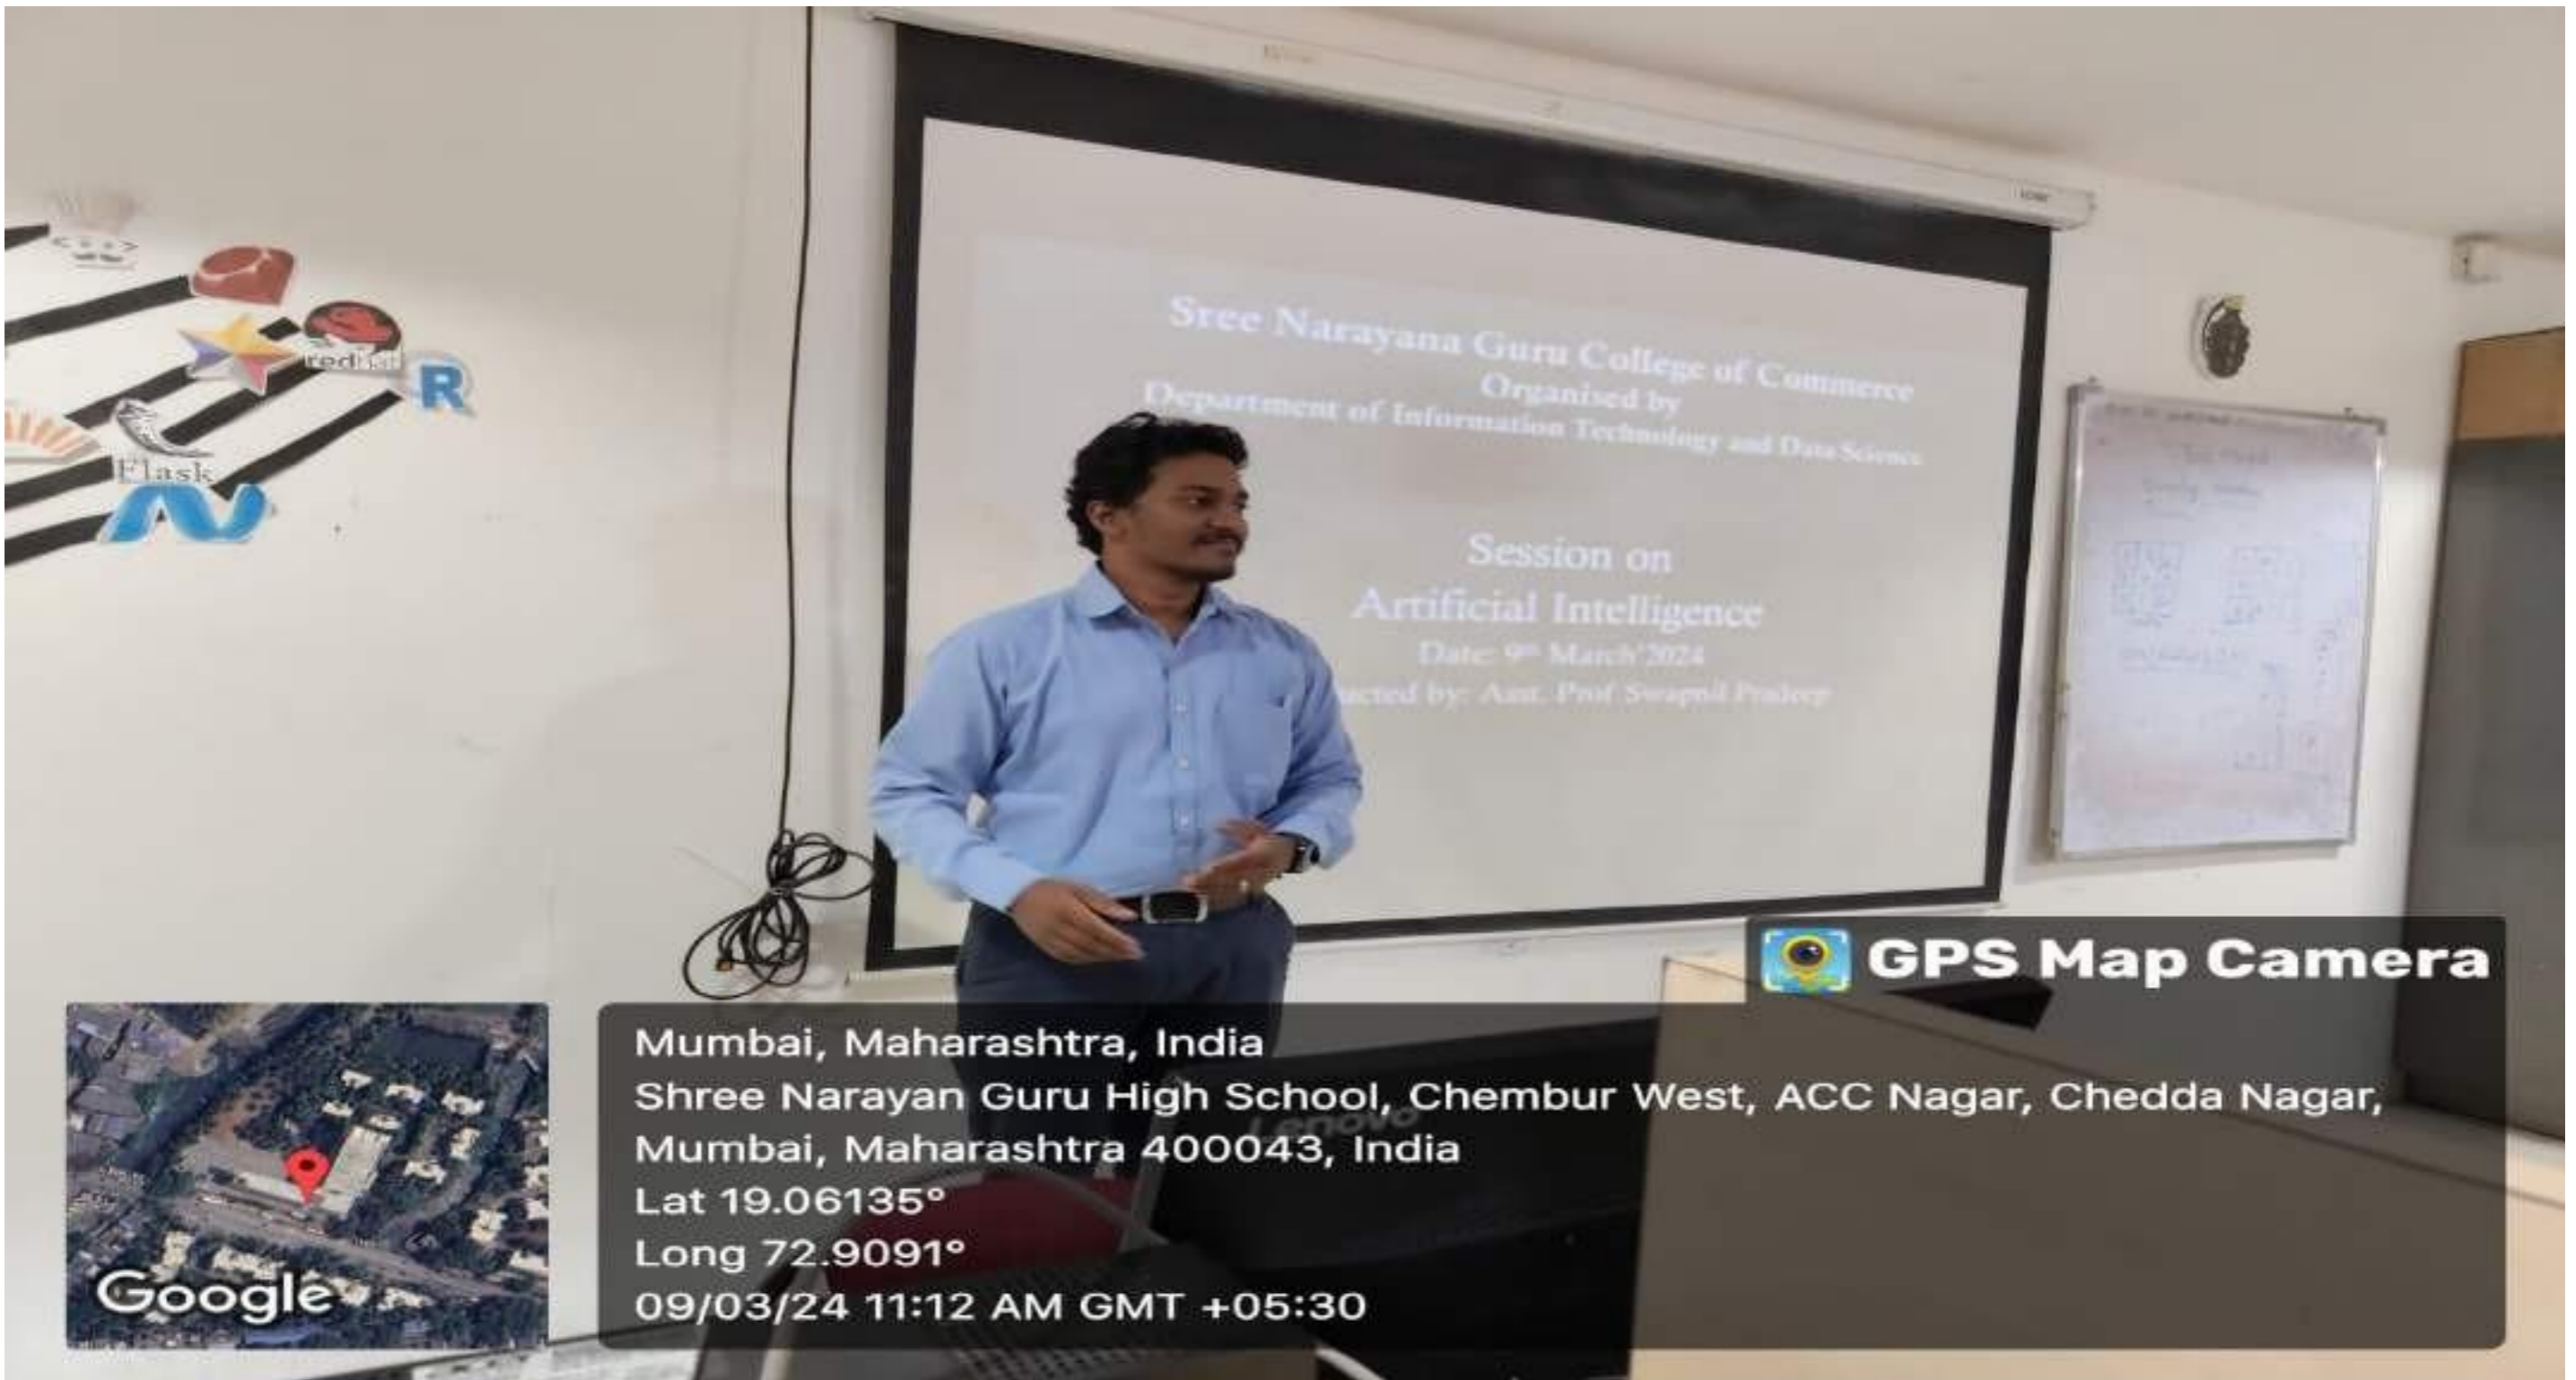

Session Overview: The session commenced with an introduction to the fundamental concepts of Artificial Intelligence, including machine learning, neural networks, and deep learning. Practical demonstrations were conducted to illustrate the real-world applications of AI in various domains, with a specific focus on Data Science and Information Technology.

Key Learnings:

1. **Fundamentals of AI:** Students gained a deeper understanding of AI fundamentals, including its underlying principles and techniques.
2. **AI Applications:** The session explored a wide range of AI applications relevant to Data Science and Information Technology, such as predictive analytics, natural language processing, computer vision, and pattern recognition.
3. **Practical Demonstrations:** Participants witnessed practical demonstrations showcasing the implementation of AI algorithms using Python programming language and popular AI frameworks like TensorFlow and PyTorch.
4. **Hands-On Activities:** Engaging hands-on activities allowed students to apply AI concepts learned during the session, reinforcing their understanding of AI techniques and algorithms.
5. **Interactive Discussions:** Interactive discussions and Q&A sessions provided students with opportunities to ask questions, share insights, and engage in meaningful conversations about AI and its implications.

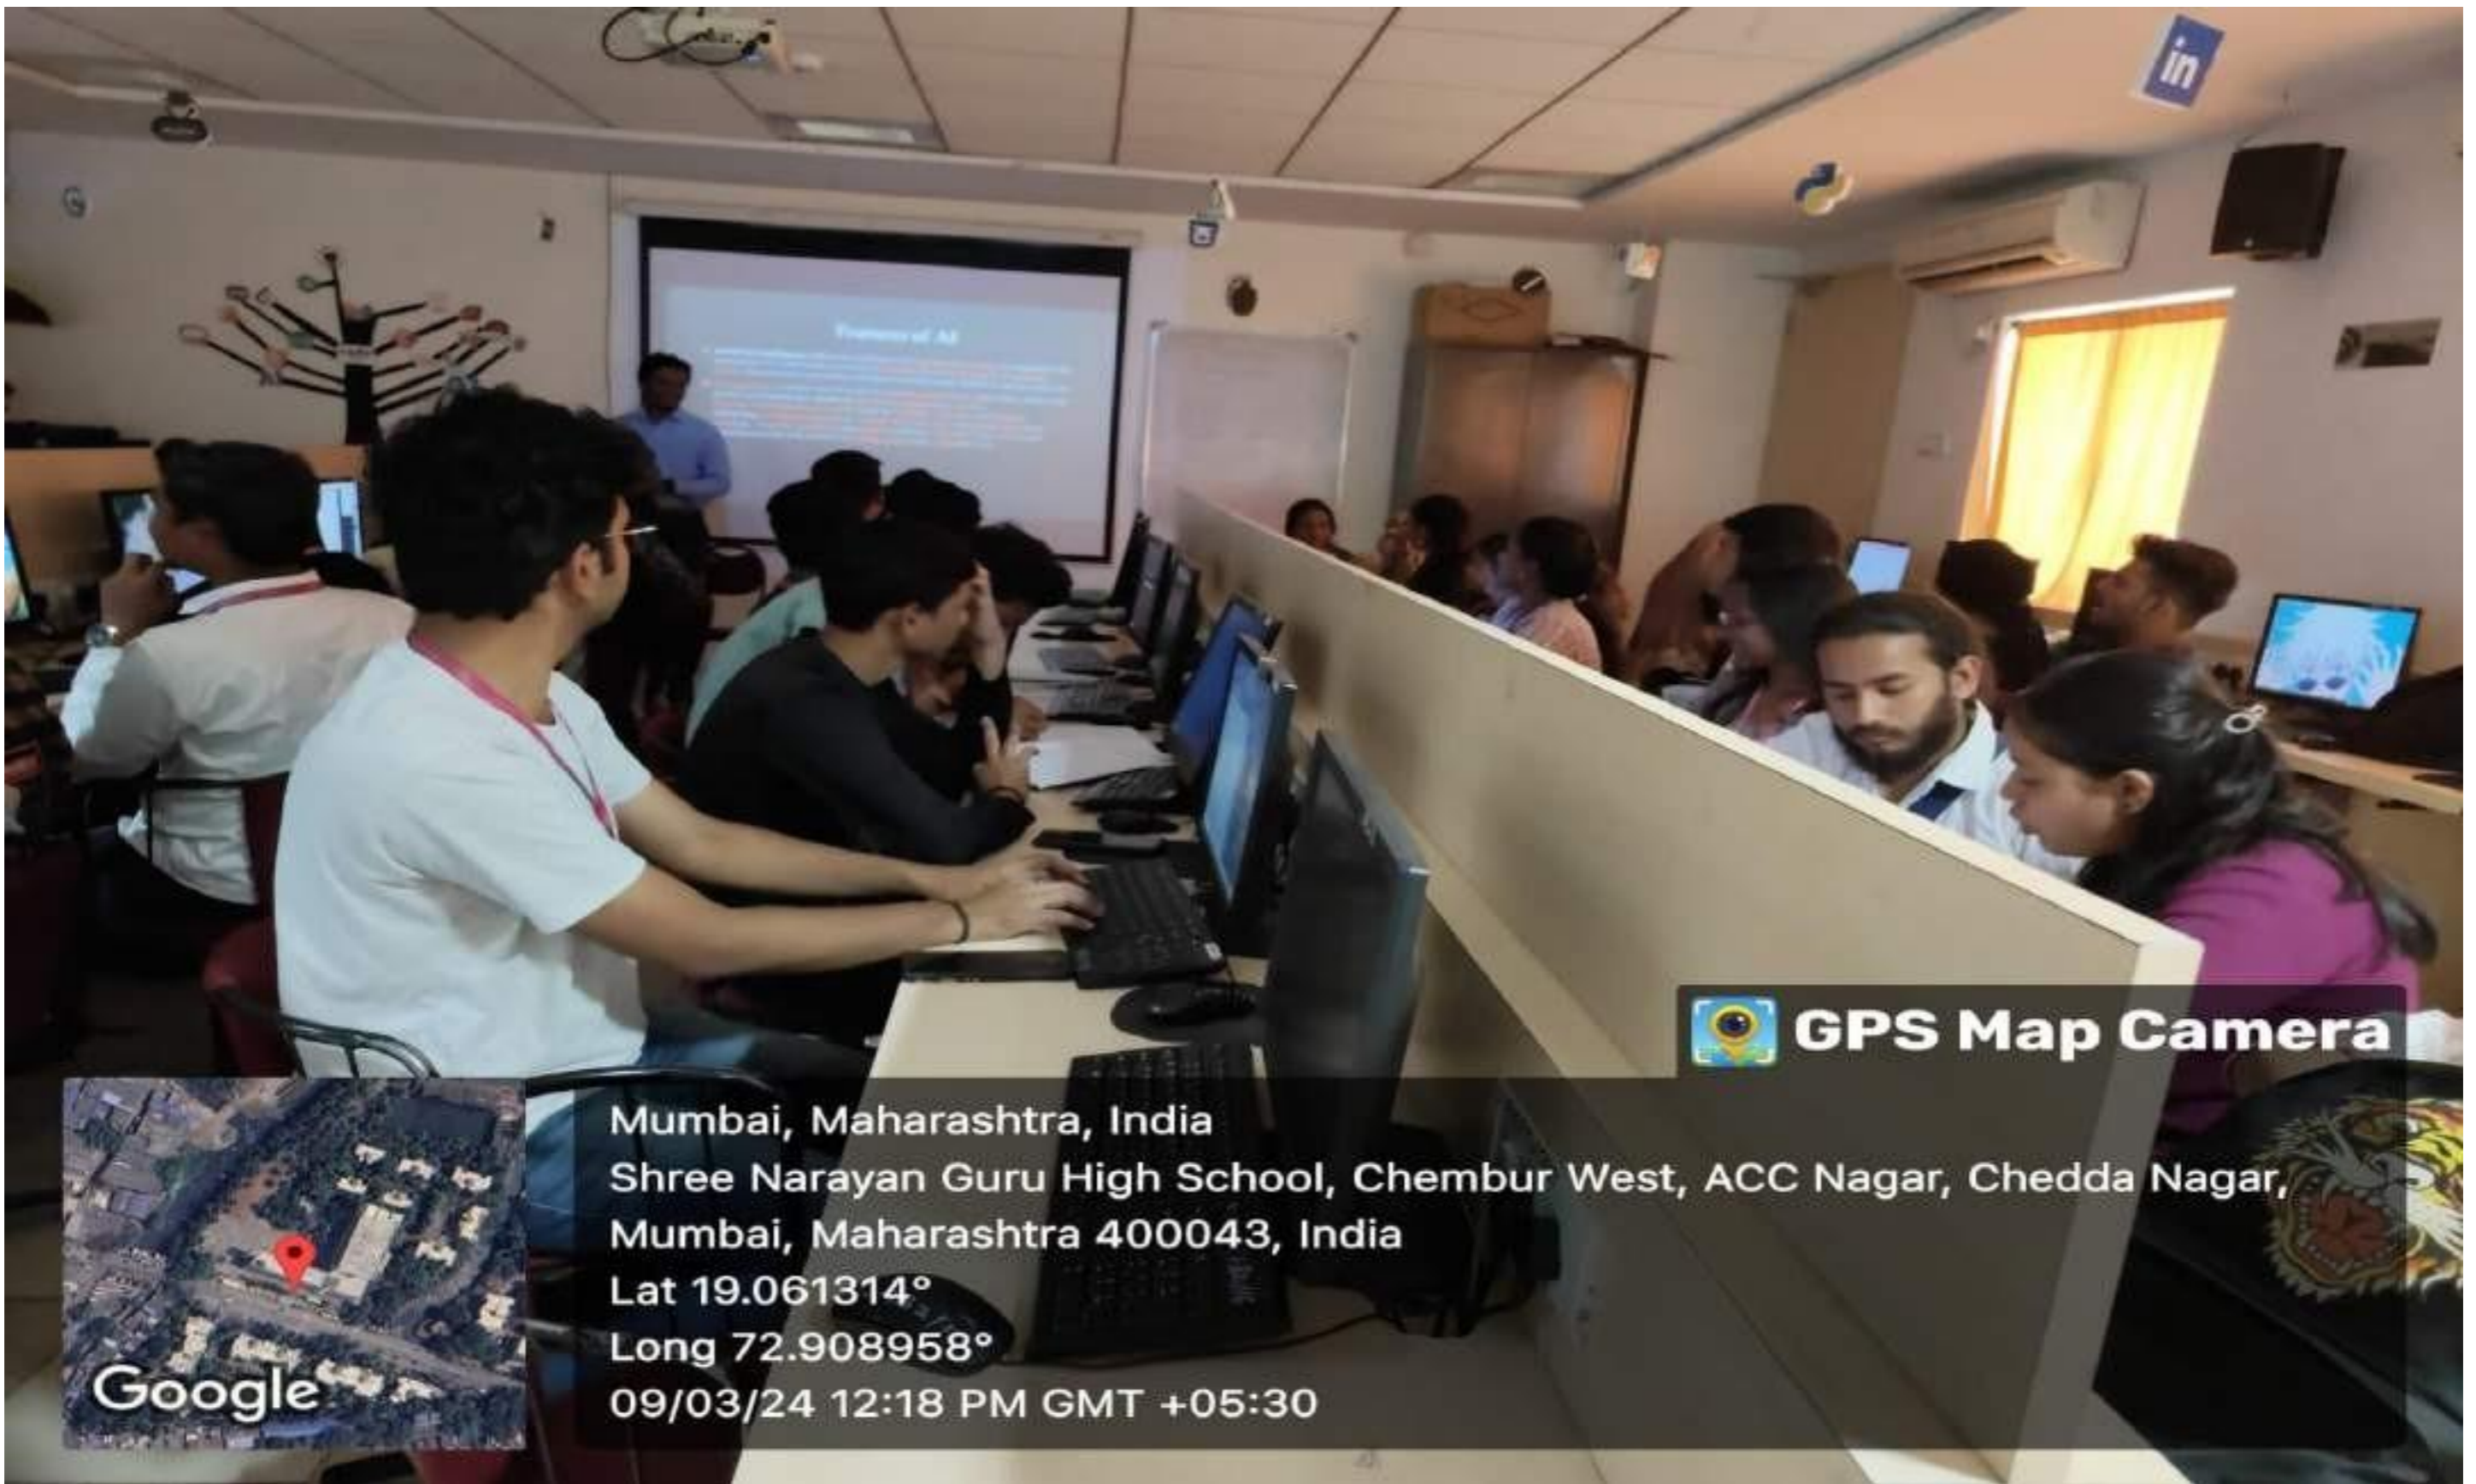

Conclusion: The AI Session proved to be highly informative and engaging for Data Science and Information Technology students. Participants gained valuable insights into the diverse applications of AI and its potential to revolutionize their respective fields. The session concluded with encouragement for students to continue exploring AI concepts independently and to leverage AI technologies in their academic and professional pursuits.

SREE NARAYANA GURU COLLEGE OF COMMERCE

ACADEMIC YEAR: 2021-2022

Report on Financial Literacy Session (Tally & GST)

Date: 21-08-2021

Mode: Online

Conducted by: IQAC of Sree Narayana Guru College of Commerce with PRIMEit

Number of Students Benefitted: 20

On 21st August 2021, an online session on Financial Literacy focusing on Tally and GST was organized by the Internal Quality Assurance Cell (IQAC) of Sree Narayana Guru College of Commerce in collaboration with PRIMEit. The session aimed to equip students with practical knowledge and skills in utilizing Tally software for accounting purposes and understanding the concepts and implementation of Goods and Services Tax (GST).

The session commenced at [insert start time] and lasted for [insert duration]. It was conducted via [insert platform], ensuring seamless interaction and engagement among the participants. The session was structured to cover the following key topics:

Understanding the basics of Tally, its features, and its significance in accounting processes.

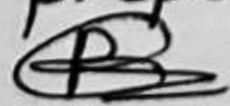

Practical Demonstration: Hands-on demonstration of Tally software, including ledger creation, voucher entry, balance sheet generation, etc.

Understanding GST: Overview of Goods and Services Tax (GST) regime in India, its applicability, registration process, tax slabs, input tax credit, etc.

GST Implementation in Tally: Practical demonstration of how to incorporate GST concepts within Tally software, including GST invoicing, tax calculations, GST returns filing, etc.

Q&A Session: Interactive session allowing students to ask queries and clarify doubts regarding the topics covered.

The Financial Literacy session on Tally and GST conducted by IQAC of Sree Narayana Guru College of Commerce with PRIMEit proved to be highly beneficial for the participating students. It equipped them with practical skills and knowledge essential for navigating the complexities of accounting and taxation in the modern business landscape. Such initiatives play a crucial role in enhancing the employability and professional competence of students, thereby contributing to their holistic development.

Report on Computer Course Session

Date: September 2021

Conducted by: Satyam Institute of Tax Accountants

Course: Tally ERP 09, Advanced Excel, Tax Expert

Mode: Online

Number of Students Benefitted: 38

Satyam Institute of Tax Accountants conducted a comprehensive computer course session in September 2021. The course aimed to equip students with practical skills in Tally ERP 09, Advanced Excel, and Tax Expertise. The mode of delivery was online, allowing students to participate remotely from their preferred locations.

The session covered three main areas:

1. **Tally ERP 09:** Participants learned the fundamentals of Tally ERP 09, including basic accounting principles, inventory management, invoicing, and financial reporting. Practical exercises were provided to ensure hands-on learning and proficiency in using the software for real-world accounting tasks.
2. **Advanced Excel:** The course delved into advanced features of Microsoft Excel, focusing on functions, formulas, data analysis, and visualization techniques. Students gained expertise in creating dynamic spreadsheets, pivot tables, charts, and automating repetitive tasks using macros.
3. **Tax Expertise:** Participants received comprehensive training in taxation principles, regulations, and compliance requirements. The curriculum covered various tax laws, deductions, exemptions, and filing procedures. Practical case studies and simulations were utilized to enhance understanding and application of tax concepts.

The session was conducted over a span of [insert duration], comprising interactive lectures, practical demonstrations, and hands-on exercises. Experienced instructors from Satyam Institute of Tax Accountants facilitated the sessions, providing personalized guidance and support to students.

The course was delivered entirely online, utilizing video conferencing platforms and learning management systems. This mode of delivery offered flexibility and convenience to participants, allowing them to access course materials, recordings, and assignments remotely.

The computer course session proved highly beneficial to the 38 participating students. Upon completion of the session, students demonstrated enhanced proficiency in Tally ERP 09, Advanced Excel, and Tax Expertise. They acquired practical skills and knowledge applicable to various accounting and taxation roles, contributing to their professional development and career advancement.

Report on Tally ERP.9 Session

Date: September, 2021

Organized by: Satyam Institute of Tax Accountants

Total Students Benefitted: 13

Overview:

The Tally ERP.9 session conducted by Satyam Institute of Tax Accountants in September 2021 aimed to provide comprehensive training on Tally ERP.9 software, a widely used accounting and inventory management tool in businesses worldwide. The session focused on equipping students with practical skills to effectively utilize Tally ERP.9 for managing financial transactions, generating reports, and maintaining accounts efficiently.

Highlights:

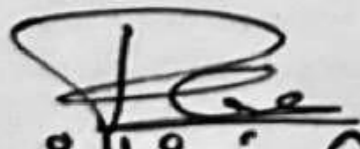

- **Comprehensive Learning:** The session provided in-depth insights into various features of Tally ERP.9, ensuring students gained a thorough understanding of its functionalities.
- **Interactive Sessions:** Interactive discussions and practical exercises engaged students actively, enhancing their learning experience and retention of concepts.
- **Real-world Applications:** Practical examples and case studies enabled students to apply theoretical knowledge to real-world scenarios, preparing them for professional challenges.
- **Experienced Faculty:** The session was conducted by experienced instructors with expertise in accounting and Tally ERP.9, ensuring high-quality education delivery.
- **Customized Learning:** The training was tailored to suit the skill levels and learning pace of individual students, ensuring maximum comprehension and skill development.

Outcomes

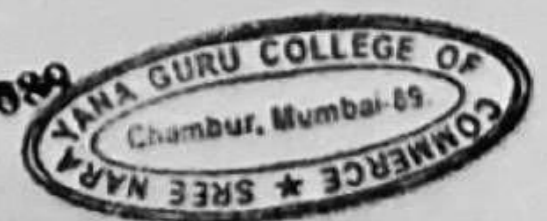

- Enhanced understanding of Tally ERP.9 functionalities.
- Proficiency in data entry, financial report generation, and inventory management using Tally ERP.9.
- Improved ability to interpret and analyze financial data accurately.
- Better preparedness for employment opportunities requiring Tally ERP.9 skills.

The Tally ERP.9 session organized by Satyam Institute of Tax Accountants in September 2021 proved to be highly beneficial for the 13 participating students. Through comprehensive training, interactive sessions, and practical exercises, students gained proficiency in utilizing Tally ERP.9 for effective accounting and inventory management. The knowledge and skills acquired during the session are expected to empower students in their academic pursuits and professional endeavors.

Report on Advanced Excel Session

Organizer: Satyam Institute of Tax Accountants

Mode: Online

Date: September, 2021

Overview: The Advanced Excel session organized by Satyam Institute of Tax Accountants in September 2021 was aimed at enhancing the Excel proficiency of tax accountants and professionals. This session provided in-depth knowledge and practical insights into advanced Excel techniques beneficial for accounting and tax-related tasks.

Participants: A total of 6 students participated in the session. They were primarily tax accountants seeking to improve their Excel skills to streamline their workflow and enhance efficiency in tax-related tasks.

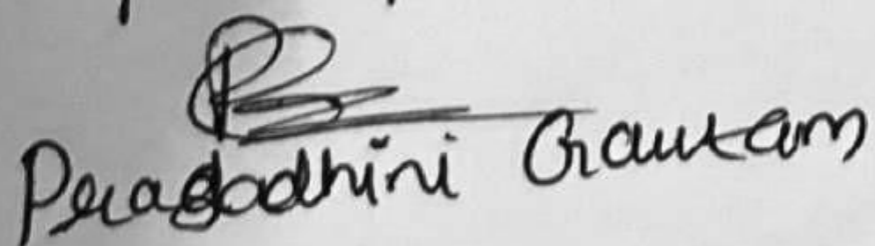

Content Covered:

1. **Advanced Formulas and Functions:** Participants learned advanced functions such as VLOOKUP, HLOOKUP, INDEX-MATCH, SUMIFS, COUNTIFS, etc., and their practical applications in tax calculations and data analysis.
2. **Data Analysis Tools:** The session covered tools like PivotTables, PivotCharts, and Data Validation for effective data analysis and reporting.
3. **Automation Techniques:** Participants were introduced to Macros and VBA (Visual Basic for Applications) to automate repetitive tasks and customize Excel functionalities as per their requirements.
4. **Financial Modeling:** Basics of financial modeling using Excel, including forecasting, budgeting, and scenario analysis, were discussed to aid in strategic decision-making processes.

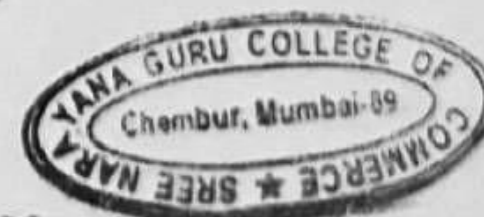

The session utilized a combination of lectures, demonstrations, and hands-on exercises to ensure comprehensive understanding and practical application of advanced Excel concepts. Participants were encouraged to actively engage in discussions and practice exercises to reinforce their learning.

The Advanced Excel session organized by Satyam Institute of Tax Accountants in September 2021 proved to be highly beneficial for participants, equipping them with advanced Excel skills essential for excelling in their roles as tax accountants. The session's comprehensive content, interactive methodology, and practical approach contributed to its success in enhancing participants' proficiency and productivity in utilizing Excel for tax-related tasks.

Report on Session by Tax Expert

Organizer: Satyam Institute of Tax Accountants

Session Type: Online

Date: September, 2021

The Satyam Institute of Tax Accountants organized an online session featuring a tax expert in September 2021. The session aimed to provide valuable insights into various aspects of taxation, catering to the needs of tax students and professionals alike.

The primary objective of the session was to enhance the understanding of tax laws, regulations, and best practices among participants. It sought to bridge the gap between theoretical knowledge and practical application in the field of taxation.

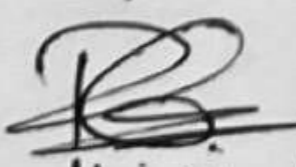

The session attracted a total of 7 participants comprising students pursuing tax-related courses and professionals seeking to update their knowledge in the field. The diverse participant base contributed to enriching discussions and varied perspectives during the session.

Key Highlights

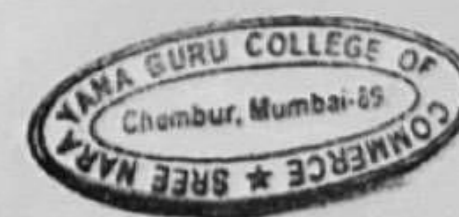

- Expert Insights:** The tax expert shared invaluable insights derived from extensive experience in the field. Participants gained deep insights into complex tax scenarios, compliance requirements, and strategic tax planning.
- Interactive Discussions:** The session encouraged interactive discussions, allowing participants to raise queries, share experiences, and engage in meaningful dialogue with the expert. This interactive format facilitated a dynamic learning environment, enabling participants to clarify doubts and delve deeper into specific topics of interest.
- Practical Examples:** The tax expert supplemented theoretical concepts with practical examples drawn from real-world scenarios. This approach helped participants grasp the application of tax principles in practical situations, thereby enhancing their ability to address tax-related challenges effectively.
- Current Updates:** Participants benefited from updates on recent developments in tax laws and regulations. The expert provided insights into relevant amendments and their implications, ensuring that participants were equipped with up-to-date knowledge essential for navigating the evolving tax landscape.

The online session organized by the Satyam Institute of Tax Accountants featuring a tax expert in September 2021 proved to be a resounding success. With valuable insights, interactive discussions, and practical examples, the session contributed significantly to the professional development of participants. Moving forward, similar initiatives can further enrich the learning experiences of aspiring tax professionals and practitioners.

SREE NARAYANA GURU COLLEGE OF COMMERCE

ACADEMIC YEAR: 2019-2020

Report on Digital Marketing Session Organized by Tata Institute of Social Sciences

Date: June 6th, 2019

Venue: Room no 207, New Building, 2nd Floor, Sree Narayana Guru College of Commerce

Tata Institute of Social Sciences (TISS) organized a comprehensive session on Digital Marketing, aimed at providing insights into the dynamic field of online marketing to the students. The session was held in Room no 207 of the New Building on the 2nd Floor.

The primary objective of the session was to equip students with practical knowledge and skills in digital marketing, enabling them to understand the latest trends, tools, and techniques essential for success in the digital landscape.

A total of 22 students from from Bsc(IT) Department participated in the session.

- The session commenced with an overview of digital marketing, emphasizing its significance in today's interconnected world.
- Various aspects of digital marketing, including search engine optimization (SEO), social media marketing (SMM), email marketing, content marketing, and analytics, were covered comprehensively.
- Practical demonstrations and case studies were presented to illustrate the application of digital marketing strategies in real-world scenarios.
- Emerging trends such as influencer marketing, voice search optimization, and artificial intelligence in marketing were discussed to provide students with insights into future developments.
- Interactive discussions and Q&A sessions facilitated engagement and enabled students to clarify their doubts and queries.
- The session concluded with guidance on further resources and avenues for students interested in pursuing a career in digital marketing.

The Digital Marketing Session organized by Tata Institute of Social Sciences proved to be a valuable learning experience for the participants, providing them with essential knowledge and skills in an increasingly relevant field. Such initiatives contribute significantly to the academic and professional development of students, equipping them with the tools necessary to thrive in the digital age.
