Sree Narayana Guru (1854-1928)

“During recent centuries no one in India has enjoyed so much reverence as Sree Narayana Gurudev commanded, a reverence so glorious, so enduring, so comprehensive, so universal and so pure. Like the sun, by mere presence, he spread his light and love. His life of renunciation has shown to numerous people the secret of the path of dedicated service for Karma Yoga. Rishi Narayana who has awakened Kerala was Patanjali in Yoga, Sankara in Wisdom, Manu in the art of Governance, Buddha in renunciation, and Muhammad in strength of spirit and Christ in humanity. After 73 years spent in the dharma of human life he has gone to whence he came. For the future generations he will be one of the divine personalities among the incarnations of God and the superhuman beings of India's religious lore?”

- Theosophical Society - 1928 September

Teachings of Sree Narayana Guru

1. "One Caste, One religion, One God for man."
2. "Whatever be the religion, it is enough if man becomes virtuous."
3. "Ask not, think not and say not caste."
4. "Acts that one performs for one's own sake, should also aim at the good of other men."
5. "Not to argue and win, but to know and let know"
6. "Gain freedom through education."
7. "Gain strength through organization."
8. "Gain prosperity through industry."
9. "Liquor is poison, make it not, sell it not and drink it not."
10. "Of one in kind, one in faith, one in God is man, of the same womb, one same form, difference none there is at all"

About College

Established in July, 1986 by Sree Narayana Mandira Samiti situated at P.L. Lokhande Marg, Chembur (West) in about 5 acres of greenery with 2 multi-storied buildings, situated close to Chembur Railway Station and Monorail and many BEST buses are regularly operating at this route serving people coming from different destinations. The College was started mainly to serve the local student community who were otherwise largely deprived of higher education but today students living across Mumbai, Navi Mumbai and Thane city seek admission. The College is permanently affiliated to University of Mumbai and recognized by UGC under Sections 2(f) and 12B of UGC Act, accredited thrice by National Assessment and Accreditation Council (NAAC) of India and it is a Malayalam Linguistic Minority Institution.

The College offers ten Graduate programs and three Post Graduate programs. It is known for its strict discipline and regularity in holding lectures and has been maintaining excellent academic results. It also promotes sports and cultural activities aiming for the overall personality development of students. The College gives importance in inculcating the soft skills in its students to enhance their employment potential and it regularly organizes national level seminars, conferences and workshops and also organizes 'Oasis' the Inter-Collegiate competitions in sports and cultural events every year. It also hosts many Universities Zonal level sports competitions in our spacious campus.

OUR VISION

- ❖ Empowerment through Higher Education to all strata of Society.

OUR MISSION

- Quality education to all irrespective of caste, creed, socio-economic status and uplift the poor and downtrodden.
- Enhancing the personality by fostering moral and ethical values and to produce dynamic and able minded youth.

OBJECTIVES

- ✓ Maintain good academic standards through innovative and effective teaching, learning methods.
- ✓ Focus on learner-centered teaching to make learning a happy, joyful and fruitful experience.
- ✓ Sensitize students on vital social issues raging across the globe and guide them to emerge as socially responsible citizens of the nation.
- ✓ Motivate students to achieve discipline, self-mastery and professionalism.
- ✓ Enable students to meet the needs, demands and challenges ahead and excel in life.
- ✓ To aim at all round development of students and groom their talents through meaningful co- curricular, extracurricular activities with an emphasis on integrity and ethics.
- ✓ To have a positive approach towards development and progress of youth, highlight their inherent powers and inspire them to realize their full potential.

*Message from Shri. N. Sasidharan
President
Sree Narayana Mandira Samiti*

Dear Esteemed Members of the SNGC Community,

I hope this message finds you and your loved ones safe and well during these challenging times. As we navigate the unprecedented circumstances brought about by the COVID-19 pandemic, I wanted to take a moment to address our college magazine and its role within our community.

Despite the physical distance that separates us, our college magazine remains a vital platform for connection, creativity and expression. It's more crucial than ever that we applaud our commitment to showcasing the diverse talents and perspectives of our community.

While the format and scope of our magazine may evolve to adapt to the challenges posed by COVID-19, our mission remains unchanged- to provide a platform for voices to be heard, stories to be shared and creativity to flourish. Whether it is through virtual collaboration, remote submissions or innovative digital platforms, I am confident that we will find new and innovative ways to continue our work.

I also want to acknowledge the impact of the pandemic on our community as a whole. We understand that many of our students, faculty and other staff members may be facing unique challenges during this time and we are here to support you in any way we can. We assure you that your well-being is our top most priority and we encourage you to reach out if you need assistance or support.

Together, let us draw strength from our resilience and feeling of community as we traverse this difficult time. Let us keep using our magazine as a forum for inspiration, connectivity and creativity. Let us emerge from this crisis stronger and more united than ever before.

I want to express my deepest gratitude to everyone who has contributed in creation of this magazine during such a trying period. Your dedication, creativity and enthusiasm are truly commendable.

Warm regards,

*Shri N. Sasidharan
President
Sree Narayana Mandira Samiti*

*Message from Shri. M. I. Damodaran
Chairman
Sree Narayana Mandira Samiti*

Dear Esteemed College Community,

As we consider the challenges and triumphs of the academic year 2020–2021 which was characterized by the pandemic's widespread effects—I want to express my sincere gratitude to every member of our college community. Our group's adaptability and resilience have been amazing in the face of hardship.

Navigating the virtual realm, our students, faculty, and staff showcased unwavering dedication to education and growth. Through online platforms, we bridged physical distances to create a vibrant virtual campus, fostering intellectual engagement and camaraderie.

We never wavered in our devotion to academic success despite the obstacles. We are all inspired by the creativity with which our teachers provide high-quality online education and by the tenacity with which our pupils embrace new learning environments.

As we look ahead, let us carry forward the lessons learned during this unique period, embracing change with an open mind and a resilient spirit. Together, we have proven that the strength of our community lies not only in shared physical spaces but also in the bonds forged through a shared pursuit of knowledge.

Thank you for your continued dedication, adaptability, and resilience. Here's to a future filled with new opportunities and continued growth.

Warm regards,

*Shri. M.I. Damodaran
Chairman
Sree Narayana Mandira Samiti*

Message from Shri. N. S. Salimkumar
General Secretary
Sree Narayana Mandira Samiti

“An investment in knowledge pays the best interest.” – Benjamin Franklin

Dear Readers,

As the pages of another chapter in our academic journey unfold, it is with great pleasure that I extend warm greetings to each member of our esteemed college community. In the midst of unprecedented times, marked by the challenges posed by the global pandemic, we have persevered, adapted, and thrived.

The academic year 2020–21 serves as testimony to our organization's tenacity and unshakable dedication to quality, even in the face of challenges that forced us to adopt the online learning environment. The switch to online platforms may have come with challenges, but it also created new opportunities for growth, innovation, and teamwork.

In the vibrant tapestry of our college life, the absence of physical presence did not dim the spirit of camaraderie and enthusiasm that define us. Oasis, our yearly cultural extravaganza, took place virtually and echoed with the same zeal and emotion that define this celebration of artistry and skill. Similarly, events like Sanskriti and Garba was also celebrated virtually.

In my capacity as General Secretary, I am immensely proud of the resilience and adaptability demonstrated by each member of our college family. Let us take with us the knowledge gained and the bonds created during this extraordinary period as we set out on the trip that lies ahead. Let us keep pursuing greatness, welcoming innovation, and upholding the principles that make up our community.

Finally, I would like to express my sincere thanks to our administration, staff, and teachers for their steadfast support and direction. Wishing you all a year filled with learning, growth, and endless possibilities.

Warm regards,

Shri. N.S. Salimkumar

From Principal's desk...

Dear Stakeholders,

In the annals of our College's history, the academic year 2020-21 will be remembered as one defined by unprecedented challenges stemming from the global COVID-19 pandemic. Yet, despite the adversities, our College has displayed remarkable resilience, adaptability, and an unwavering commitment to our shared mission of learning and growth.

Amidst the turmoil, our College stood as a beacon of innovation, being among the first few to swiftly transition to online classes, ensuring continuity in education while prioritizing the health and safety of every individual associated with our institution. This transition was not without its challenges, but our faculty members rose to the occasion, tirelessly delivering quality education through virtual platforms, showcasing their dedication and creativity in engaging students and maintaining academic rigor.

Moreover, amidst the upheaval caused by the pandemic, our College team came together in solidarity, demonstrating the values of compassion, empathy, and service. Our NSS students, in particular, emerged as beacons of hope, actively engaging in activities to support the community. From guiding the public on safety protocols to distribution food packets, face masks to the affected humans and even caring for stray dogs, their acts of kindness and service exemplified the spirit of selflessness and unity that defines our College community.

As we turn the page on this extraordinary chapter, let us carry forward the lessons we've learned and the resilience we've gained. Let us remain steadfast in our commitment to excellence, innovation, and inclusiveness as we continue to navigate the evolving landscape of higher education.

Thank you to each and every member of our College for your unwavering dedication and perseverance. Together, we have shown that even in the darkest of times, the light of knowledge and solidarity can guide us through.

EDITORIAL

Dear Readers,

*“Life isn’t about waiting for the storm to pass; it’s about learning how to dance in the rain”-
Vivian Greene*

Welcome to this special edition of our college magazine “SRISHTI”. As we navigate through the challenges of the COVID-19 pandemic, it’s more important than ever to stay connected and share our stories.

Life during COVID-19 has been different for all of us. We’ve faced uncertainties, changes and new ways of doing things. But amidst it all, our college community has shown resilience, adaptability and unity.

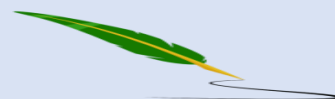

In this magazine, you’ll find stories of how students, faculties and non-teaching staff members have come together to overcome obstacles. From virtual classes and online events to innovative projects and acts of kindness, our college community has shown strength in the face of adversity.

We’ve also included tips for staying healthy, managing stress and making the most of this challenging time. Remember, it’s okay to ask for help and take care of yourself and your loved ones during this unprecedented time. Together, we will emerge stronger from this experience.

I express my sincere gratitude to everyone who contributed to this magazine and to all members of our college community for their dedication and perseverance.

Stay safe and keep reading!

35th ANNUAL REPORT (2020-21)

Dear Stakeholders,

It is great pleasure that we present the 35th Annual Report of Sree Narayana Guru College of Commerce for the academic year 2020-21. This report serves as a testament to our unwavering dedication to providing top-tier education to our students, laying a robust foundation for their future endeavors.

Sree Narayana Guru College of Commerce, as a linguistic minority institution, holds permanent affiliation with the prestigious University of Mumbai. We are proud to be recognized by the University Grants Commission (UGC) under sections 2(f) and 12B of the U.G.C. Act. Additionally, our commitment to excellence is underscored by our thrice-accredited status by the National Assessment and Accreditation Council (NAAC), reaffirming our dedication to delivering quality education.

Our institution boasts a diverse array of academic programs, comprising 10 undergraduate and 3 postgraduate programs affiliated with the University of Mumbai. However, we must address a concerning issue regarding the demand for four of our innovative undergraduate programs, which currently suffer from low awareness levels. As a result, we have temporarily suspended the admission process for these programs.

Moving forward, we are resolute in our determination to tackle this challenge head-on by implementing strategic initiatives aimed at raising awareness about these innovative programs. Our objective is to foster an environment where all our academic offerings received the recognition they deserve, ensuring our students receive a comprehensive and well-rounded education.

The academic year 2020-2021 presented unprecedented challenges due to the global Covid-19 pandemic. Some of the notable challenges faced during this period include:

Transition to Online Learning: With the closure of educational institutions to prevent the spread of the virus, students and educators had to quickly adapt to online learning platforms. This transition posed challenges related to technology access, internet connectivity, and adapting teaching methods to suit the online environment. Our college was one of the few colleges started the online academic sessions even before the University issued guidelines.

Disruption of Academic Calendar: The pandemic led to the disruption of the traditional academic calendar, with delays in exams, admissions, and the start of new academic sessions. Uncertainty surrounding the duration of closures and the mode of education added further challenges to academic planning.

Student Well-being: The sudden shift to online learning, social isolation, and uncertainties about the future took a toll on students' mental health and well-being. Colleges had to find ways to support students emotionally and provide resources for mental health counseling and support services.

Financial Strain: The economic impact of the pandemic affected many students and their families, leading to financial strain. Some students faced difficulties paying College fees, accessing learning materials, or affording basic necessities, creating barriers to their education. The College extended helping hands to the students to the extent it was possible.

Assessment and Evaluation: Conducting assessments and evaluating student performance in the online mode posed challenges, including ensuring the integrity of online exams, preventing cheating, and assessing practical skills or group projects remotely.

Overall, the academic year 2020-2021 presented multifaceted challenges for educational institutions, students, and educators alike, requiring resilience, adaptability, and innovative solutions to navigate the unprecedented circumstances posed by the Covid-19 pandemic.

Activities enriching NAAC Criteria:

In the academic year, the College diligently conducted numerous activities aimed at enhancing awareness and skills among students and staff, aligning with the Quantitative Metrics of NAAC, particularly focusing on Criteria 1,2,3,5, and 7.

Throughout the year, a total of 12 activities were organized, benefiting a significant number of students and teachers. A comprehensive report detailing these activities has been included in this annual publication. Moreover, many faculty members actively participated in webinars and training sessions sponsored by MHRD and other organized by Universities and NAAC. These sessions served as invaluable opportunities for professional development and enrichment.

The College also played a pivotal role in arranging financial assistance and scholarships for students from various sources, greatly benefiting a large number of students and contributing their educational journey.

Additionally, several certificate courses were organized for students, further enhancing their skills and qualifications. A detailed report on these certificate courses can be found separately in this publication. These concerted efforts underscore our commitment to providing holistic education and fostering the growth and development of both students and staff members at our institution.

Research Committee Report:

An international level Web Conference on “Digital Transformation: Issues and Challenges” was organized on 17th April, 2021. Professor Raina Lampou from Greece was the Key-note speaker. Dr. Narentharen Kaliyappan (Malaysia), Dr. Marirajan Thirupathi (Ethiopia) were other resource persons. Total 27 research papers were selected for presentation and published in International

Journal for Innovative Research in Multidisciplinary Field (ISSN: 2455 - 0620), Research Culture Society and Publication.

The webinar and conference organized by the Research Committee served as valuable platforms for knowledge dissemination and scholarly exchange, receiving positive feedback from participants and contributing to the academic enrichment of the community.

Computer Labs Inventory for Students and Faculty:

The College is committed to meeting the technological needs of its students and faculty by providing well-equipped computer labs across various sections of the campus. These computer labs are integral to the academic environment, serving as vital resources for conducting practical sessions, research, and other academic activities. They ensure that both students and faculty have access to modern computing facilities, enhancing their learning and teaching experiences.

College Library:

Over the years the College Library has evolved into a comprehensive resource centre catering to the diverse academic needs of its users. Equipped with a wide array of resources, the library boasts an extensive collection of reference and textbooks, CD-ROM s, and access to a subscribed N-LIST portal, facilitating seamless access to e-books and e-journals. This ensures that users have access to a wealth of scholarly materials to support their academic pursuits. Recognizing the evolving requirements of its users, the library annually procures new text and reference books to align with the changing academic landscape and meet the specific needs of its patrons.

In addition to its extensive print and electronic collection, the library also provides access to various newspapers, magazines, and journals, further enriching the academic experience of its users and keeping them abreast of current affairs and scholarly developments.

To facilitate digital learning and research, the library is equipped with 28 state-of-art computers equipped with LAN and internet connectivity. This infrastructure caters to the needs of both students and teachers, providing them with the necessary tools and resources to engage in effective research and learning activities.

Overall, the library at Sree Narayana Guru College of Commerce stands as a vital hub of knowledge and learning, continuously evolving to meet the dynamic needs of its academic community and fostering a culture of intellectual growth and exploration.

The College has an incubation centre inside the library with 26 latest model computers with LAN and internet connectivity for students and teachers project and research work.

Conduct of Examinations:

All the examinations at the College were meticulously conducted online in strict accordance with the guidelines stipulated by the University of Mumbai. Recognizing the challenges posed by the

pandemic, the College swiftly adapted its examination procedures to ensure the safety and well-being of students and staff while upholding academic integrity.

Through robust online platforms and technologies, examinations were seamlessly administered, allowing students to demonstrate their knowledge and skills from the safety of their homes. Rigorous measures were implemented to maintain the integrity and fairness of the examination process, including proctoring mechanisms and adherence to academic regulations.

Faculty and staff worked tirelessly to facilitate the smooth conduct of examinations, providing necessary guidance and support to students throughout the online assessment process. Additionally, regular communication channels were established to address any concerns or queries from students regarding the online examination procedures.

By embracing online examination methodologies, the College demonstrated its commitment to continuity in education and academic excellence amidst challenging circumstances. The successful implementation of online examinations underscored the College's ability and resilience in navigating unprecedented situations while prioritizing the academic progress of its students.

Sports & Games:

The sports Committee, under the leadership of Ms. Poonam Mujawar, organized several impactful activities throughout the academic year 2020-21. These initiatives aimed to promote health awareness, provide insights into career opportunities such as Maharashtra Police Bharti, emphasize the importance of NCC for students, and foster engagement through quiz competitions focused on outdoor games. The Committee's efforts successfully benefited a significant number of participants, contributing to the holistic development and well-being of the College community.

Cultural Committee Highlights:

Throughout the academic year, the Cultural Committee, led by Ms. Rishita Shukla, orchestrated a series of vibrant and engaging online intercollegiate cultural events. From May 6 to 8, 2020, a three-day extravaganza unfolded, featuring activities such as Click a Pic with family, Pencil art, Mehendi, Nail Art, and Pen a poem. With an impressive participation of 1756 entries from students across different colleges, the event exuded creativity and talent. E-certificates were graciously provided to all participants, with the top 3 winners honored via the College website.

Continuing the momentum, a national-level webinar titled "Mastering the Mind" was organized on June 26th, 2020. Attended by 93 faculties from colleges nationwide, the webinar garnered positive feedback, underscoring its significance in fostering personal growth and development.

The spirit of patriotism came alive on August 15th, 2020, as the Committee spearheaded an online Independence Day celebration in collaboration with sister institutions of SNMS, including International School, Ulwe. Witnessed by over 3400 attendees via YouTube live streaming, the event served as a powerful tribute to the nation's freedom and unity.

Injecting doses of laughter and literary flair, a Mid-Week Blasters event unfolded on September 10th, 2020. Featuring an online Poet conference and stand-up comedy, the event saw the participation of 14 individuals, each receiving e-certificates for their contributions.

Navratri was celebrated in style on October 17th, 2020, with a Click a picture competition, highlighting the festive spirit and vibrant traditions. Sanskriti, Intra-collegiate fest on December 1st, 2020, witnessed a remarkable turnout, with over 400 participants engaging in 20 diverse events. The subsequent awarding of cash prizes on January 26, 2021 added a touch of prestige to the winners' accomplishments.

Republic Day was commemorated with zeal and patriotism on January 26th, 2021, through a virtual celebration attended by over 3700 individuals via YouTube live streaming.

Concluding the academic year on a high note, the Inter-Collegiate Fest Oasis-2021 unfolded on February 22 and 23, 2021. Drawing 477 students from 19 colleges of Mumbai University, the event showcased talent across 16 captivating events, with cash prizes and certificates serving as tokens of recognition.

Indeed, the Cultural Committee's unwavering commitment to fostering creativity, cultural exchange, and community engagement has left an indelible mark on the academic landscape, enriching the lives of students and faculty alike.

Industrial Visit Committee Activities:

In the academic year 2020-2021, the Industrial Visit Committee, led by Miss. Rishita Shukla, innovatively adapted to the challenges posed by the COVID-19 pandemic by transitioning the traditional industrial visit to an online industrial training format.

On March 22nd, 2021, the Committee organized an Online Industrial Training in collaboration with Rubicon, generously funded by Barclays Bank. The session was facilitated by Mr. Prince Grover, a seasoned professional with extensive industry experience.

The training session proved to be highly interactive and informative, covering essential topics such as work ethics, the importance of professional behavior, strategies for handling stressful interviews, and navigating tricky interview questions. Participants gained valuable insights into work etiquette and professional conduct. A total of 340 students benefited from the session, with each participant receiving an E-certificate to acknowledge their participation and completion of the online industrial training. Despite the limitations posed by the pandemic, the Industrial Visit Committee successfully provided students with a valuable learning experience, contributing to their professional development and preparation for future endeavors.

NSS Activities:

The National Service Scheme (NSS) for the academic year 2020-2021, led by Mr. Mohammed Jabir and Ms. Priyanka Suryawanshi, along with other members, focused on fostering civic responsibility

and social consciousness among students. The NSS activities spanned a wide range of initiatives aimed at addressing societal issues and promoting community welfare.

Key Highlights:

The NSS consisted of 150 student volunteers, organized into 2nits, with 56 male and 94 female participants. Various activities were conducted throughout the year, despite the challenges posed by the COVID-19 pandemic, demonstrating the commitment of the NSS to community service and social causes. Activities included distribution of food packets and face masks to the needy, feeding stray animals and birds, and sanitizing buildings in local communities.

The NSS actively engaged in online sessions and webinars addressing topics such as menstrual hygiene, COVID-19 awareness, and disaster management, reaching a broad audience. Several events were organized to commemorate national and international observances, including Independence Day, International Yoga Day, and Republic Day, among others. The NSS also undertook initiatives to promote social awareness and civic engagement, such as blood donation drives, voter awareness surveys, and road safety awareness campaigns.

Collaboration with NGOs and other organizations facilitated impactful activities such as distributing ration kits to families in need and conducting sessions on organ donation awareness. The NSS exhibited a strong commitment to promoting social justice and equality through activities focusing on gender equality, women's empowerment, and self-defence workshops. Street plays and social media campaigns were utilized as effective tools to raise awareness on various social issues and promote positive behavioral change within communities.

Despite the challenges posed by the pandemic, the NSS remained steadfast in its dedication to community service, demonstrating the values of compassion, empathy, and civic responsibility among student volunteers. Through their diverse array of activities and initiatives, the NSS contributed significantly to fostering a sense of social responsibility and collective action among students, empowering them to become active agents of positive change within society.

The Women Development Cell activities:

Throughout the year 2020-21, the Women Development Cell, under the guidance of Ms. Mamtra Meghnani, organized two impactful events. These events aimed to address pertinent issues related to gender equality, violence against women, and fostering conversations around women's rights.

The first activity, "Unpacking gender - the lockdown & violence on Women," held on 10th July, 2020, witnessed participation from 184 individuals. The event provided a platform to discuss the challenges faced by women during the lockdown period, shedding light on issues of violence and discrimination. The second event, "Conversation on equality," conducted on 8th March, 2021, engaged 78 participants in meaningful discussions concerning gender equality. This event aimed to raise awareness and promote dialogue on the importance of equality in all spheres of life.

Through these initiatives, the Women Development Cell demonstrated its commitment to advocating for gender equality, empowering women, and fostering a supportive environment for addressing gender-related issues within the academic community.

Extension Activities:

There was active participation in the Department of Life Long Learning & Extension of the University of Mumbai. Our 228 students enrolled in the program. They engaged in various University-organized events and conducted several events at the College level.

Alumni Association:

On August 30, 2020, the Sree Narayana Guru College Alumni Association, in collaboration with the Rotaract Club of Navi Mumbai Industrial Area and Student Leaders Network, Pune, organized a webinar titled “Networking for Impact” on the Zoom platform. The webinar addressed several sub-themes, including strategically managing networks, leveraging social media for personal and professional growth, and the principles of collaboration for collective impact. A total of 132 participants received e-certificates for their participation.

The Alumni Committee created a Google form to collect current data from alumni, receiving 110 alumni records to establish a comprehensive database.

On February 6, 2021, the Sree Narayana Guru College Alumni Association conducted a workshop cum expert talk on awareness about sustainable menstruation. Mrs. Seema K from Asha social group served as the resource person, guiding 40 female participants on the preparation of their own cotton pads.

In collaboration with the NSS cell of the College, the Alumni Association organized an offline session on “Behavioral change to drive social impact through entrepreneurship & innovation for sustainable development” on February 22, 2021. Ms. Neha Shaw, Director & CEO, Co-founder, Dame & Earl LLP, YSI, served as the expert for the session, which was attended by 52 NSS volunteers.

College Extension Work Committee:

The College conducted a National level online quiz competition on Health, Hygiene & Nutrition, featuring 25 questions worth 4 marks each. Certificates were awarded to participants scoring more than 50%. A total of 331 participants took part in the quiz competition, showcasing the engagement and reach of the College’s extension activities.

Scholarships and Free-ships:

The College facilitated scholarships and financial aid for eligible students from various sources, providing support across different categories. The following is the details of assistance reached to our students during the year:

S. N.	Source	Type of Assistance	Amount (Rs.)
1	Social Welfare Department of Govt. of Maharashtra	SC/ST OBC Scholarships	26,63,605
2	Various Religious Trusts	Financial Assistance to EBC students	7,31,060
3	Association of Non-Government College Principals	Financial Assistance to EBC students	6,000
4	Students' Welfare Committee of the College	Financial Assistance to EBC students	4,44,730
		Total	38,45,395

The College's efforts in securing scholarships and financial aid from diverse sources reflect a commitment to supporting students in their pursuit of education. The funds obtained from various agencies contribute significantly to alleviating financial barriers and promoting inclusiveness within the student community.

In conclusion, we extend our gratitude to all stakeholders for their continued support and commitment to the advancement of education at Sree Narayana Guru College of Commerce. Together, we will overcome challenges and strive for excellence in all our endeavors.

Thank you for your continued support.

Dr. Ravindran Karathadi

Principal

JUNIOR COLLEGE REPORT 2020-21

It's an honor for me to present the Annual Report of Sree Narayana Guru Junior College of Commerce for the Academic year 2020-21.

This year was a challenging one as the entire world was in the grip of the pandemic, this posed a big challenge in front of us. The field of education had to undergo a sea change and the teachers as well as students had to get themselves prepared for this new methodology. We have heard about e-learning but were going to practically apply it for the first time. This academic year was really a new beginning for all of us. In spite of all the hurdles we learnt and implemented the new technique and saw to it that the process of learning continued smoothly.

Academic Results:

Due to the pandemic situation 100% students were promoted from FYJC to SYJC as Government declared promotion for all to the next class. The HSC results in both Commerce & Science were 100%. The result statistics are highlighted below.

HSC ACCADEMIC RESULT 2020-21

Sr. No.	Details	HSC Commerce	HSC Science
1	No. of students appeared for exam	441	97
2	No. of students passed	441	97
3	Passing Percentage	100	100
4	No. of Distinction	217	52
5	No. of First Class	184	40
6	No. of Second Class	27	05
7	No. of Pass Class	13	00

HSC TOPPERS ACCADEMIC YEAR 2020-21

Rank	HSC Commerce		HSC Science	
	Student Name	Percentage scored	Student Name	Percentage scored
1	Ms. Nannaware Mansi. R.	91.67%	Mast. Hirnaik. Pratamesh. P	91.67%

2	Mast. Moolya Yashas. K.	91.17%	Ms. Jadhav Pratiksha Babu	90%
3	Mast. Momin Zeeshan. Md. H	89.83%	Ms. Kazi Adiba Najirali	87.84%
3	Mast. Meshar Mohd. Ayub	89.83%	-----	-----

Commencement of Academic Year and Welcoming New Students: The Academic year commenced from 15th June, 2020 as per the Government Circular guidelines. The lectures were conducted online for S.Y.J.C students of Commerce and Science. An orientation programme was arranged online on 15th January 2021, for newly admitted FYJC students.

Financial Aid: College helped students to get all eligible freeship and scholarship from Govt. departments as well as from Private Trusts.

Examinations and Academic Help: The College arranged remedial coaching, conducted class tests, etc to enhance the students' academic performance at the Board exams. The students of FYJC and SYJC classes are divided equally among the teachers to guide them properly to achieve academic improvement. Two PTA online meetings were held for the students of XI & XII. Prelim exam was conducted online for 80 marks paper from 1st April and the same was collected through mail & later on it was submitted by students in small batches during the submission of their EVS project. Special Intensive coaching for weaker students of SYJC were held from 15th April to 30th April 2021 through Zoom App. FYJC weaker students were given assignments through Google class rooms for improvement and this was monitored periodically by the subject teachers.

Staff and Students' Committees: Students' Welfare Committee was formed for solving the students' grievances and for maintaining discipline. Various Staff Committees were formed for smooth systematic functioning of the College. Meetings of these Committees were held regularly to review and evaluate the College functioning.

Cultural Activities: This year was challenging for all of us due to the pandemic & above all the activities had to be conducted online. In the process we learnt a lot. Our students too took up the challenge. They participated in inter collegiate events & also brought laurels to the college.

1. Aftab Shaikh from 12th Science won 1st prize for Personality competition. He was named Mr Athang at Bunt's College, Powai.

2. Sayyed Bushra from 12th Science won 2nd prize in Mehendi at Bunt's College, Kurla followed by 1st prize in the same event at Pune Vidyarthi Griha College, Ghatkopar & 3rd prize in Tattoo Designing from the same college

3. Ritik Gupta of SYJC Science won the 3rd prize in Mind Scribble & Mandala Art at SIES College, Sion.

Our students also participated in Oasis, our own inter -collegiate cultural program.

4. Vyshnavi Pillai of SYJC Commerce won 1st prize in Singing

5. Ritik Gupta won 2nd prize in Face painting.

Apart from the above list our students actively participated in our intra mural competition. This year we had two competitions online, one exclusively for SYJC in the month of October. There were 8 online events conducted through Zoom & in the month of March we conducted our cultural fest Sanskriti. There were 12 online events. The response for both was overwhelming. Students of FYJC & SYJC enjoyed the new online trend.

Sports & Games: Two Webinars were conducted for Sports.

Conclusion: I place on record my sincere gratitude to all those who whole heartedly supported, guided and co-operated for the smooth functioning of all the activities of the College.

Mrs. Beena Kollara

Junior College Supervisor

DEPRESSION AND WORK FROM HOME: A NEW CHALLENGE

INTRODUCTION

Change is an inevitable part of every life. We all know that our life brings along with it several challenges and opportunities to be explored. But the year 2020 has brought along with it major changes and this year of 2020 has been a year to be remembered ever. It was the year which witnessed a new wave of a pandemic which was something of a game changer for the lives of all human beings. On March 11, 2020, the World Health Organization declared that COVID-19 was a global pandemic, indicating significant global spread of an infectious disease. We learnt new lessons in life, for many of us it was a rollercoaster ride not knowing or understanding what's happening next in life. This year taught human beings the worth of life and also to be grateful for whatever they were enjoying in life. It has enabled human beings to value and enjoy the little things in life, be resilient and evolve themselves as better human beings. In the words of Indian author and activist, Arundhati Roy, "Historically, pandemics have forced to break with the past and imagine their world anew. This one is no different. It is a portal, a gateway between one world and the next. We can choose to walk through it...lightly with little luggage, ready to imagine another world. And ready to fight for it."

This year brought into limelight several new terms along with it like Work from Home, Quarantine, Lockdown, Herd immunity, Depression, Containment zones, Incubation, Isolation Super spreader etc etc. All these resulted due to the emergence of the Corona Viral Disease or in short COVID. It was something uncertain and challenging for the people to cope up with the new situation emerged suddenly. The virus was extremely contagious and dangerous and led to death in the most

vulnerable, particularly those older than 60 and those with underlying conditions or co-morbidities. The nations world wide shut their doors and started protecting the people inside. A large number of people were displaced and longed to return back to their home countries. The governments throughout started taking into control of this war like situation and tried to bring things under control. We all eagerly followed news channels, stacked up masks and sanitizers, watched thousands of migrants leaving for their hometowns, followed social distancing and many newer things which media had shown to us. It was difficult to understand initially and comprehend what the experts were recommending and why. But still we all followed guidelines to keep us and everyone around us safe.

Looking back, its one year now and I am penning down these words. The situation is almost under control. Meanwhile there was a second wave happening in many places around the world according to experts. The people around witnessed something which they would never ever forget in their lifetime. There would not be a single individual in the world whose life was not touched upon either directly or indirectly by this pandemic. It had interrupted/ disrupted the livelihood of thousands around us. Several people emerged as Corona Warriors like medical staff, police force, NGOs, etc who supported and provided a cushion along with the government initiatives for withstanding this pandemic. It showed that humanity still existed in this world.

DISCUSSION

This essay is to discuss about the new normal which had emerged in the various organizations especially with respect to HR sector around the world thanks to COVID-19 and the associated problems along with that. COVID-19 has had an enormous disruption on work and workers, because of which many have lost their employment. But, even for those who continued to work the situations were not so good. There have been disruptions in where people work, with whom they work, what

they do, and how much they earn. It affected people in all the different sectors of employment irrespective of which field they belonged to. And, even when I am writing this when I look around I can understand that it is also a time of great uncertainty, as companies are slowly trying to ease restrictions to allow people to come back to work--- in a “new normal”, without the ability to predict or expect what is going to happen. At the same time the anxieties, tension and stress about not knowing what is coming, when it will end etc is still impacting the lives of people around us.

The year of 2020 resulted in a new work culture around the world ie, Work From Home culture which to an extent helped many companies and organizations to at least stay active in their related jobs or activities. It's been a growing trend or change in today's work environment, in which employees can easily plug-in or log in through Internet facilities and required infrastructure from just anywhere they are. It is an arrangement by which the employee can have the work from home privileges. During this pandemic situation we saw this culture blooming in various industries like IT sector, Education etc wherever it could be practically implemented. When we look at the pros and cons of this, definitely like the 2 sides of a coin it has both advantages and disadvantages. Let's have a look into the advantages: -

1. Flexibility in working conditions and time.
2. Zero commuting.
3. No office distractions.
4. No crowds and traffic, less exposure to outside environment like pollution.
5. Able to spend more time with the family members.

At the same time, it brings along with it few disadvantages too like: -

1. Difficulty sticking to a routine.
2. Boredom and depression.

3. Problems in the internet connections.
4. Missing important calls/ messages.
5. Lack of companionship/team support.

The above points highlight a very important psychological issue which might go unnoticed by both the employer as well as the employee. It's the 'depression' which hampers the personality and productivity of an individual. The word depression has been doing its rounds more frequently during these days as compared to earlier times. People are slowly recognizing the importance of this term and are being ready to open up about this in the public and are also welcoming discussions on this term.

DEPRESSION

Depression is a group of conditions associated with the elevation or lowering of a person's mood. It is basically a mood disorder that can affect a person's daily life. It may be described as feelings of sadness, loss, or anger. Approximately 1 in 15 adults are affected by depression in any given year; according to the American Psychiatric Association (APA). Depression is a common yet serious mental health condition that has a negative impact on how an individual feel, think, and act. People of all age groups may face this situation. Even children are nowadays prone to this condition which may require immediate medical support. People experience depression in different ways. It may interfere with your daily work, resulting in lost time and lower productivity. It can also influence relationships and also result in some chronic health conditions like cardiovascular diseases, diabetes, obesity etc.

'Depression has no face. Be kind to even smiling faces'. I came across these words recently in a social media platform which aptly explains how everyone tries to hide their inner problems and

worries and bring a smile to their face. Today's stressful environment plays a major role in making someone moody, tensed, frustrated, tired and lacking confidence. This pandemic has in fact worsened the condition. The medical support system throughout the world has opened help lines and toll free numbers to guide people to overcome this tensed state of mind during this pandemic.

There are several causes of depression which could be originating from various reasons like: -

1. Family history, Early childhood problems
2. Structure of the brain, Medical conditions, drug usage
3. Stressful situations like economic problems, death of a loved one, work life imbalance etc.

In the current scenario, the pandemic, loss of employment opportunities, loss of loved ones, inability to travel and meet the dear and near ones etc has created a stressful situation. Among these a new normal which has emerged in the employment sphere- "Work from Home" has also contributed to depression. It may be viewed as an easy and flexible option to be continuing working from the home. With everything shifting to online mode, work from home has been accepted widely. Though some people are joining the physical workspace right now, famous companies like Facebook and Twitter are planning to allow WFH permanently because of the convenience that it offers to the employees. In fact, Govt. of India has allowed maximum work from home for IT and BPO employees. With flexible hours and zero traveling time, WFH is believed to have opened a wider range of opportunities for women, especially the ones who are mothers and are married, to continue working without deviating from their professional growth while taking care of other responsibilities. The government has issued guidelines regarding allowing employees to work from home in view of the current pandemic situation like by limiting the attendance of the employees and all. Initially it was a boon for the people. Especially when people took it like when many were losing their jobs, few were blessed to have a job in hand. People enjoyed the comfort and easiness at home, they did

not need to get up and rush to work, they stayed away from the crowds, traffic and pollution and most importantly they got quality time to spend with the family. But it brings along with it multitude of issues which hampers the mental health and productivity of an employee. People started facing social isolation which is an uncomfortable situation. Digital devices started processing all our information whereas earlier we could converse with others like our friends, colleagues, relatives physically which was literally difficult now. As a result, anxiety and tension added up creating personal stress. At the same time, this was worsening for women. For working women, it has become dual responsibilities to be managed at the same time. They need to manage the household chores along with attending meetings, completing the targets and all. It hampered the entire schedule of the women. When they were expecting some relief by moving out of their homes at least for few hours a day for some exposures, meeting colleagues, networking which is a very important thing, that main element is missing now. Apart from that, many organizations announced a pay cut adding to the existing problems. It also brings along with it issues like: -

1. No fixed schedules for working.
2. Always stay online and remain available.
3. Online harassment, inappropriate texts.
4. Lack of technological support.
5. Poor networking with colleagues and limited social contact.

These situations are all new in the workplace and it takes time for employees to adjust be it male or female. Meanwhile they may lose their interest in their jobs, which may result in lowered productivity. Poor ergonomics at home working space/ place also leads to physical problems like back pain, dryness in the eyes, neck pain, over weight etc. Amounting to these is the mounting pressure from the firm in meeting the deadlines which could be quite challenging. There could be a constant pressure to stay positive and remain productive in work. There are also the issues of

working everyday irrespective of the time and day, forget about the weekdays and weekends. Such kind of stressful situation may make person lonely and isolated. He/ she may long for the companionship which they are missing for a period or maybe longing to go back to their workplace cabins to get relief over there. They may find it difficult to share their problems with the family members and hence may keep it all amongst themselves which may result in a burnout and may also affect the personal relationships at home. They may need someone to listen to them. There are extreme situation when they may even show suicidal tendencies. All these are completely psychological in nature and in many times we never know what makes someone take extreme steps like that. Only open communication and productive conversations can help someone overcome such a difficult and painful situation. The companies should be able to identify such people who are showing lack of interest in their work, withdrawing from all activities, lack of concentration, resorting to alcohol and drugs etc. They should provide adequate breaks for the employees whenever required. The services of a psychologist or a counselor should be made available in the organization for the employees to open up to. It is the mutual responsibility of an employee as well as the employer to provide support at this negative stage faced by the employee.

CONCLUSION

The organizations must extend more empathy towards its workforce, and take steps to support and encourage them to maximize productivity while they achieve the best possible work-life balance. In an effort to stay connected and build a positive working environment, at the outset of the pandemic and such difficult periods, efforts should be taken to take along the employees together instead of just ignoring them. They can promote several activities like online yoga & meditation, therapies, get gifts delivered to their homes, provide psychological help wherever required etc. A good listener can easily help in guiding such depressed employees to remain active and positive as earlier. The need of the hour is to continue to reinforce positivity along with spreading happiness

and manage the feelings of isolation, and uncertainty, by open communication with all the employees and meaningful engagement where in the HR department can play a major role. Almost everyone has experienced some level of discomfort or mental stress owing to this pandemic. But this stigma can be overcome only if people come forward and share their experiences. Depression is not to be hidden instead it is something which can be overcome with adequate and timely support.

The companies can come up with unique, proactive workplace mental health training for employees belonging to different levels. Such trainings can easily accommodate and prepare the employees to face or to navigate the uncertainty that may rise in the future also. They can come up with virtual informal meetings and plan happy hours. If employers don't provide awareness or educate employees on the importance of good mental health and create an environment where such issues are discussed openly and without any stigma, companies could end up seeing a higher turnover rate also in the near future.

Along with these issues, companies also have to focus on return-to work anxiety by preparing the employees to come back to the workplace. Recently a video went viral in social media where a young female employee was seen saying that she didn't want to stop Work from home even after the pandemic situation gets over. It's all about the individual viewpoint or perception. The role of every organization is to support their employees, their most valuable assets. As goes the well-known phrases, "The show must go on" and "This too will pass away", let's firmly believe that we will get strength and will power to overcome this situation and we become more generous and keep alive the spark of love and humanity in our lives to share and care for everything in the world.

NSS Report (Academic Year: 2020-21)

NSS is an initiative of the government to steer the students to become responsible citizens, inculcating values of morality, democratic living, compassion, tolerance, patriotism and developing qualities of leadership and community living. It aims at sensitising the students towards issues like natural epidemics, inequalities due to preferential treatment, conservation of nature and its resources, compassionate approach towards the physically challenged, etc. Truly, **NOT ME BUT YOU** –the motto of NSS is ingrained in the NSS student in the process of myriad activities in which he participates. Following is the NSS Report for the year: -

Students Outreach & Extension Cell Report 2020-21

In-charge: Ms. Khudabax Reshma (Chairperson)

Members: Ms. Nahid Shaikh

Dr. Rajesh Nair

Department of Lifelong Learning and Extension (DLLE)

Our college is registered under Department of Lifelong Learning and Extension (DLLE), University of Mumbai in the year 2015. Our 228 students are enrolled in the program.

The objective of the unit is to develop a sense of responsibility towards the society amongst the students. The orientation program is organized after the university registration for all the enrolled students. Students are engaged in various college and University level activities. The main activities taken up by the college are Status of women in Society, NIOS, Public Education Club and Career project.

National Institute of Open schooling (NIOS)

Academic session of NIOS started from the mid of September which include lectures and practicals. TMA of October (Stream I Block 2) was submitted with 25 students in Senior Secondary and 15 students in Secondary.

College Extension Work

The College conducted a national level online quiz competition on Health, Hygiene & Nutrition, featuring 25 questions worth 4 marks each. Certificates were awarded to participants scoring more than 50%. A total of 331 participants took part in the quiz competition.

Library Report (Academic Year: 2020-21)

The library came into existence in the year 1986 along with the establishment of the Sree Narayana Guru College of Commerce, Chembur Mumbai. The library has many reference & textbooks, CD ROMs, and a subscribed N-LIST portal for the accessibility of e-books and e-journals for the user's needs. Every year the library procures needed text and reference books as per the needs of the users. Library operations are fully computerized using SOUL2.0 software. The library procures many newspapers, magazines, and journals. The library has a total of 28 latest computers with LAN and Internet connectivity for students' & teachers' use.

NEVER TO QUIT IN LIFE

Dreams are harder to chase,
But not impossible to complete...
We are the one who mould
our own life,
So, it's better to never to quit in life.

Sarang Jamila Ashfaque
SYJC-A Science

THE STARFISH STORY

One day a man was walking along the beach when he noticed boy picking up and gently throwing things into the ocean. Approaching the boy, he asked, "Young man, what are you doing?" "Throwing starfish back into the ocean. The surf is up and the tide is going out. If I don't throw them back, they'll die," the boy replied. The man laughed to himself and said, "Do you realize there are miles of miles of beach and hundreds of starfish? You can't make any difference."

After listening politely, the boy bent down to pick up another starfish and threw it into the surf. Then, he smiled at the man and said, "I made a difference to that one."

Moral: *Everyone can make a difference — even if that difference affects one person.*

COLLEGE DAYS 

"Making friends and memories
That will last forever in my mind
Learning the lessons that will mold,
Me into the person I will find".

"Discovering the possibility of
Choice that I will need to make.
Wondering about the challenges,

1. That lie on whatever path I take".

2. "Listening to my heart, I set a course
For the goals I wish to achieve.
And now I begin the journey of my dreams,
Knowing that all I need is to believe".

Sharma Manorama Dinesh

The Amazon leadership principles- A Trillion Dollar Company.

Leadership Principles These are the Leadership Principles amazon uses every day, whether they are discussing ideas for new projects or deciding on the best approach to solving a problem. It is just one of the things that makes Amazon peculiar.

Customer Obsession

Leaders start with the customer and work backwards. They work vigorously to earn and keep customer trust. Although leaders pay attention to competitors, they obsess over customers.

Ownership

Leaders are owners. They think long term and don't sacrifice long-term value for short-term results. They act on behalf of the entire company, beyond just their own team. They never say "that's not my job."

Invent and Simplify

Leaders expect and require innovation and invention from their teams and always find ways to simplify. They are externally aware, look for new ideas from everywhere, and are not limited by "not invented here." As we do new things, we accept that we may be misunderstood for long periods of time.

Are Right, A Lot

Leaders are right a lot. They have strong judgment and good instincts. They seek diverse perspectives and work to disconfirm their beliefs.

Learn and Be Curious

Leaders are never done learning and always seek to improve themselves. They are curious about new possibilities and act to explore them.

Hire and Develop the Best

Leaders raise the performance bar with every hire and promotion. They recognize exceptional talent, and willingly move them throughout the organization. Leaders develop leaders and take seriously their role in coaching others. We work on behalf of our people to invent mechanisms for development like Career Choice.

Insist on the Highest Standards

Leaders have relentlessly high standards — many people may think these standards are unreasonably high.

Leaders are continually raising the bar and drive their teams to deliver high quality products, services, and processes. Leaders ensure that defects do not get sent down the line and that problems are fixed so they stay fixed.

Think Big

Thinking small is a self-fulfilling prophecy. Leaders create and communicate a bold direction that inspires results. They think differently and look around corners for ways to serve customers.

Bias for Action

Speed matters in business. Many decisions and actions are reversible and do not need extensive study. We value calculated risk taking.

Frugality

Accomplish more with less. Constraints breed resourcefulness, self-sufficiency, and invention. There are no extra points for growing headcount, budget size, or fixed expense.

Earn Trust

Leaders listen attentively, speak candidly, and treat others respectfully. They are vocally self-critical, even when doing so is awkward or embarrassing. Leaders do not believe their or their team's body odor smells of perfume. They benchmark themselves and their teams against the best.

Dive Deep

Leaders operate at all levels, stay connected to the details, audit frequently, and are skeptical when metrics and anecdote differ. No task is beneath them.

Have Backbone; Disagree and Commit

Leaders are obligated to respectfully challenge decisions when they disagree, even when doing so is uncomfortable or exhausting. Leaders have conviction and are tenacious. They do not compromise for the sake of social cohesion. Once a decision is determined, they commit wholly.

Deliver Results

Leaders focus on the key inputs for their business and deliver them with the right quality and in a timely fashion. Despite setbacks, they rise to the occasion and never settle.

Will the door ever open?

The roads are empty, the crowds too small,
 And no trace of life outside, none at all.
 Every human is locked up in their house,
 COVID-19 poem: Will the door ever open?
 The roads are empty, the crowds too small,
 And no trace of life outside, none at all.
 Every human is locked up in their house,
 And the sunny playground, now looks bleak.
 Why does our wide world look so desolate now?
 What a silly question, even a toddler would have the
 answer.
 Cause, there's a monster out there,
 That can make even breathing like hell.
 It is tinier than our cells, but it is causing a huge pandemic,
 If it enters your body, it may wreak havoc.
 Coughs or sneezes are like its private jet,
 And to your lungs, it's a threat.
 We, who always chat and dine in groups,
 Now prefer to stay away,
 And with a mask on our mouths,
 St at home straight away
 Nobody's going to school anymore,
 No child playing in the park,
 Nobody's even opening the door,
 Except for grocery or stock.

We used to giggle and play
 On our swings and slide,
 Now, we're caged in our homes,
 As Corona gambols outside.
 I used to pity my dolls, trapped on the shelves,
 Now, I really don't know why,
 As to me, it's a privilege
 To even bask in sunlight these days.
 We, who are social animals,
 Now dread the doorbell.
 Sadly, we are told to see,
 Every visitor as an unwelcome virus.
 When can we really be free?
 When can we stick our heads out?
 When will the dawn arrive?
 Come on, let us await that day.

Oza Mahesh Kumar Prakash**TYBAF****Be Different**

Something new, something old.
 Work hard and shine like gold.
 Someone sleep, someone rest.
 Take risk and give your best.
 Someone lying, someone crying.
 Believe in yourself and keep trying.
 Someone making excuses, someone making chill.
 Achieve your success and have a great feel.

 SYBMS**

First slide of "Covid" from my diary

The gossip about Corona virus was going on among the people, but I not know clearly about it. I thought it can be rumors, but after I got to know that is not rumors. That is incredible true. Yes, incredible true.

It was 19th January 2020 when I was heard about "Corona virus" first time. My college friends talking about it, they were said "these virus is spreading fastly and very fast in the China country, Corona patients are found in huge number, and due to lack of hospitals the big cities of China change into emergency hospitals, people are die,".

I wish to know more knowledge about it, I searched on internet and getting that news who shocked me, affect me. These viruses not only found in China but also out of the China. After it is known that these virus is found in all over the world.

It was last week of February 2020, the Corona virus completely spread all over the world. The first week of March 2020 starting now. My parents (mom and dad) were going to out of Maharashtra for one month. The ticket on 6th March 2020 and returning was 5th April 2020.

Corona virus take seriously but not very seriously still in India. The people wear mask on their face and precautions from crowded areas. The transportation, schools, college, universities and other institutions were going on in India.

On 6th March 2020 my parents went. 10th standard board exam was going on. Second week of March 2020 started now and my college exam also started. My college exam only requires one week from 13th March 2020 to 20th March 2020. But.... who knows about future??

In this one week not only my but also all over the country's palm completely changed. On 16th March 2020 nearly 6.00pm in the evening the message forward from college "exam is postponed due to Corona virus." "Wow"!!! Exam is postponed!!!!

My all friends became very happy including me. But still board exam was going on. Only 10th standard students go for their exams and others enjoy their holidays. I feel proud to my India. Indian government play and react in positive way during this incredible situation. But how? We read ahead.

So there are all colleges schools were closed only 10th students can go for their exams. According to lightly report this is known that "the death of Corona virus is possible in 12 hours if it will not spread and stay any on place". Thus, according to this report Indian government, Mr. Narendra Modi declear an announcement of "Janta Curfew" according to Mr..Narendra Modi " Janta Curfew" is the curfew in which the people kept safe our ownself. And the "Janta Curfew" brought into action on 22nd March 2020 on Sunday.

On Sunday 22nd March 2020 we face very difficulties. but Corona virus is not a general virus, end of these was not easy. Now the Corona patients found in huge number in Maharashtra. Day by day it was increased. After looking this condition, it was declared that " maintain distance from People and keep social distancing". It was one of the best desion to prevent spread Corona virus. And after it was declared as "Lockdown".

This is very difficult to Indian people. Some are disagreeing and not follow it. Due to disagreement the police was announced "Lathi Charge" people who walked on street without any solid reasons they were suffering. Many people enjoy it and suffer from "Lathi Charge". Sorry to say but most of the jokes and

mems are making on Corona virus by Indian but in other way Indian people accept this incredible true in funny way and safe from stress.

So between lockdown many families enjoy the holidays moment. I, my elder sister and elder brothers also enjoying, but many people whos income was on daily basis they were suffering from hunger. But the rich people who have store, they help to other who have not food. The days was very emotional days. Thus in this bad condition many good peoples, social workers, NGO, celebrities, government all fully support and help to needy families.

Now first week of April 2020 started. Rather than decrease the Covid-19 cases increased day by day. Look after this increasing metter the lockdown period was increased till 3rd May 2020. "Oh no!!" It was very very and so many very unbelievable for Indian people, many people trying to boycott but they failed. I also angry but in other way it was very good decision. The Indian government play a bast role. Proud to be India.

That was very sad for us when we know about cancelling the ticket of my parents."How sad!!!". Mom and dad are not with us, but they were safe and we also. So, day by day it was continued and lockdown period increases.

After very long time we get good news it was "Our parents are returning to Mumbai!!" On 8th June 2020 I stopped my pen and close my diary because I meet I get, I found and I see my parents. I know, pandemic period was not easy to all us but I personally hurt deeply because first time I suffer it without my parents. I pray, this will never repeat in the future.

Thank you for listening me and my personal diary articles.

"Role played by Technology in Covid Pandemic"

The year "2020" will be mentioned in the syllabus of students in future as the world witnessed one of the worst times of mankind. The people around the world were packed in their residents for the safety of the lives. In this situation of pandemic, the technology played an important role to help the civilians and encourage the country to being digital.

For the day-to-day expenses people started to do cashless transactions, as they could not visit bank due to lockdown. The cashless payments were done through Paytm, PhonePay, UPI, BHIM, Googlepay, etc. it reduced the usage of paper money. Also the technology boosted the sector of online trading and marketing. People had good communication with family and friends who stay at far distance due to work. Many employees worked from home for their respective institutes and companies through online. Many social media influencers collected funds and donations through their live gaming streams, it helped in the welfare of the people suffering from the pandemic. Educational institutes started online lectures, classes and webinars for the students. It is a new way of learning and a good step which can also be practiced in future to deal with such pandemic or disaster conditions.

Many citizens joined social media, so that they get updates regarding the pandemic situations. Because of technology people get informed about the rising covid cases, recovery status and fatalities occurred around the globe.

The prime minister of India also interacted with the citizens through Twitter, Facebook and You Tube live. The world health organization joined hands with famous social media platforms to create awareness

among the people regarding Covid pandemic. Through technology, decisions and guidelines of government are not delayed to reach the citizens of the country.

Even in the entertainment industry, as the theatres are closed hence there was a rise in subscriptions of OTT platforms like Amazon prime, Netflix, Hotstar, Zee5, etc. these OTT platforms brought new movies and web series. Because of which people can enjoy and entertain themselves from home itself. Our smartphones and its internet minimized the world in our hands.

The technology also shown some negative impacts on people's life. The above-mentioned positive role of technology is mostly practiced in the urban areas. But in rural areas people are not getting enough benefit of technology due to network issues, poverty, financial crisis, lack of technical knowledge and illiteracy, etc. There is also an increase in addiction of games and social media in the young minds of country. A 21-year-old boy from west Bengal committed suicide as he can't play the last year banned "Player Unknowns Battleground Game (PUBG)" in India.

At conclusion, the moral is technology had many positive and negative impacts in the pandemic, but it depends on people that how they handle it.

STAY CONNECTED

A mother was flying a kite while her son was keenly observing her doing so. After some time, the son expressed "Mom, the strings are preventing the kite from going any further" Hearing this, the mother smiled and broke the string. The kite glided higher and then gradually came down to the ground. This dejected the boy. The mother sat next to him and calmly explained:

"Son, in the life we reach a certain level and then we feel that there are certain things that are not letting us grow any further like home, family, culture etc., We feel we want to be free from those strings which we believe are stopping us from going higher. But, remember son, that our home, family, friends and culture are the things that help us to stay stable at higher heights. If we try to break away from those strings, our condition will be similar to the kite. We will fall down after reaching great heights with no one to support us.

We are like the kites and our family, friends and peers represent the strings. Don't forget any strings and remember every string is important to lead a balanced life.

The moral of the story is:

"Never go away from home, culture, family and relationships, as they help to keep us stable while we are flying high.

Life is beautiful.

Stay connected.....!!!!

I thank all my family members, my lovely teachers, friends and my culture who helped me to fly high till date. Especially I thank my mother for encouragement, support and love towards me.

Let's be bold to the Nation

We may be young or old,
 But we must be bold,
 Against the enemy untold.
 We can't go to malls,
 Nor can we go to waterfalls,
 Because this virus is a-scaring,
 Sending our spines into a shivering.
 If you have to go out, think twice,
 Wear your mask, be wise.
 After coming home, sanitize,
 And wash your hands thrice.
 COVID-19 is the name,
 It is playing a hide-and-seek game.
 By following the rules, we can ensure endgame

My worse fear

I feel a bit better when I'm with you,
 I don't have to think, what to say,
 It just comes out naturally,
 When you are near me.
 I relish those moments spent together.
 They kindle the joy with a spark,
 You may not be near me,
 Every hour seems like years, but the memories bring you
 closer to my heart.
 In time of crisis,
 "I'm there for you",
 This works as a panacea for me.
 People are proud getting a good partner, but I am proud
 because I've you.
 The promise I want from you
 Don't leave me at any cost
 Because you know
 My worse fear is losing you!

NEW BEGINNING#

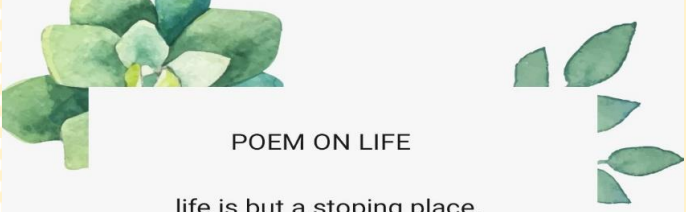

O Lord,
Going through this new way of life
Many calamities will come
Give me the strength to deal them!

On the beginning of new path
What's wrong, what's right
Give me the power to recognize!
Many misleading things will come
Give me the strength to reject them!

To illuminate universe
With the flame of education
Make me as bright as sun!
For flying high
Strengthen my wings!
For fulfilment of my wishes
Keep me working
To lean on the sky
Let my feet rest on the ground
And suddenly I just know
It's time to start something new
And trust the magic of new beginning!

POEM ON LIFE

life is but a stoping place,

A pause in want's to be, A
resting place along the road

To sweet eternity.

We all have different journeys,
Different paths along the way,

We all were meant to learn
something's

But never meant to stay..

Our destination is a place,

Far greater than we know.

For some the journeys quicker

For some the journeys slow.

And when the journeys finally
ends,

We'll claim the great reward,

And find an everlasting peace,

Together with the Lord.

वक्त का मूल्य

यह लॉकडाउन नहीं जीवन रक्षक मंत्र है

 लॉकडाउन यह लॉकडाउन नहीं जीवन रक्षक मंत्र है

जिससे बचना है हमें उसका नाम कोरोना षड्यंत्र है 

 जिसने इसे बनाया वह तो है अपनी मस्ती में

अब यह फैल रहा हम लोगों की बस्ती में 

 यह ना देखे जात पात ना ही देखे कोई धर्म
यह तो अपने चक्कर में सब को लपेटे चाहे राजा हो या

रंक 

 फैले ना ये सब जगह इसलिए इस्तेमाल करे सैनिटाइज व
मास्क

इन दोनों को देखकर ही कोरोना दूर से ही जाता भाग 

 ना हाथ मिलाये ना गले मिले बस कुछ दिन की तो बात

एक बार सब ठीक हो जाए फिर मिलते रहिए दिन रात 

 आओ हम सब मिलकर ये पहल करें

दूर दार रहकर ही चहल करें 

 यह लॉकडाउन नहीं जीवन रक्षक मंत्र है

जिससे बचना है हमें उसका नाम कोरोना षड्यंत्र है 

वक्त क्या है? वक्त अल्लाह पाक की अमानत और इंसान के लिए बहुत ही कीमती तोहफा है और वक्त ही है जो हर दम एहसास दिलाता है कि हर वक्त अच्छा अमल करना चाहिए और अच्छी बात करनी चाहिए। सूरज का अपना वक्त पर निकलना और शाम को डूब जाना चांद सितारों की गर्दिश। मौसम का बदलना, सुबह परिन्दों का उड़ना और शाम ढलने से पहले ही अपने घोंसलो में वापस आना वक्त का पता चलता है।

वक्त आहिस्ता-आहिस्ता, लम्हा-लम्हा, पल-पल आगे बढ़ता रहता है यानी वक्त का पासा हमेशा घूम रहा है। हम वक्त को कैद नहीं कर सकते। तारीख गवाह है जिस इंसान या कौम ने वक्त की कदर की, उसने कामयाब हासिल की और जिसने वक्त को बर्बाद किया, वक्त ने भी उसे तबाह कर दिया।

वक्त आने की तरह इंसान को अपना अक्स दिखता है। आज अगर अच्छा वक्त नहीं तो कल ये बुरा वक्त भी नहीं होगा। आज अगर बुरा वक्त है तो कल जरूर अच्छा वक्त आएगा। ये खुदा की मसलहत है ये वक्त से फ़ायदा उठाया करो, जिससे अच्छा अमल करके अपनी अच्छी यादे जिंदगी में जुड जाये।

आज कुछ खास लिखता हू.....

तुम्हारे लिए मेरे दिल के कुछ अहसास लिखता हूँ,
 तुम्हारा हर एक दर्द, हर एक मुस्कान लिखता हूँ।
 तुम्हारी यादों की एक किताब लिखता हूँ,
 कुछ खास नहीं बस अपने जस्बात लिखता हूँ।
 कुछ बीते किस्से, कुछ मुलाकात लिखता हूँ,
 तुम्हारा हंसना, तुम्हारा रूठना,
 तुम्हारे नखरे, तुम्हारी नाराज़गी लिखता हूँ।
 तुम्हारी यादों के सहारे, मैं गजले खास लिखता हूँ,
 हर पल रहे जो साथ मेरे, ये बातें खास लिखता हूँ।

आज तुम्हारे लिए अपने कुछ खयालात लिखता हूँ,
 कुदरत की खूबसूरती में तुम्हें लिखता हूँ।
 कुछ खास नहीं बस तुम्हारे लिए,
 मेरे दिल में दबे जस्बात लिखता हूँ,
 रातों की तन्हाई में, मैं गीत तुम्हारे लिखता हूँ।
 सागर की लहरों को जोंझ कर,
 तुम्हारी सारी खुशियां लिखता हूँ,
 जिंदगी की दौड़ में, हमारे जस्बात लिखता हूँ।
 कभी दर्द भरे नगमे लिखता हूँ।।

कभी फूलों की खूबसूरती में उनकी खुशबू में,
 तुम्हारा जिक्र किया करता हूँ,
 कभी महफ़िल में तो कभी,
 चांद के संग किया करता हूँ।

तुम्हारे लिए मैं अपना प्यार लिखता हूँ
 पेड़ों की छाव में, नदियों की छन-छन में,
 मौसम की बारिश में, बारिश की बूंदों में,
 पर्वत की वादियों में, चांद की चांदनी में,
 मेरी सांसों में, मेरे दिल की हर एक धक्कन में,
 मैं बस तुम्हें ही सुनता हूँ।
 मैं बस तुम्हें ही देखता हूँ।।
 मैं बस तुम्हें ही लिखता हूँ।।।।

कुछ वो बातें!

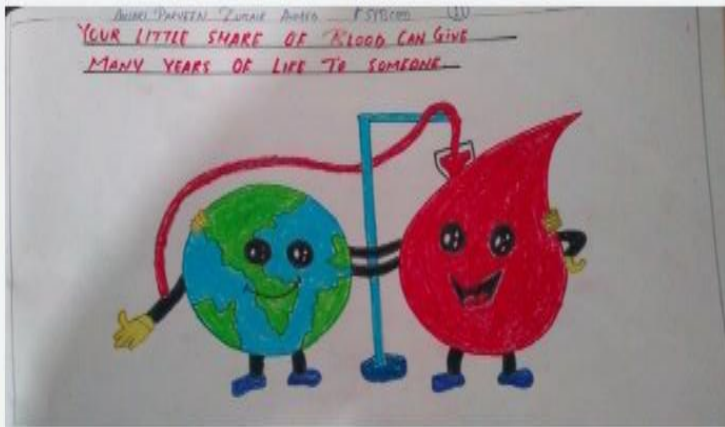

मैं जो बातें बता नहीं सकती, वो बातें मैं कागज पे लिख आती हूँ,
 सारे दर्द को मेरे आसुओं से मिटाती हूँ ।
 पता है कोई नहीं है अपना इस दुनिया में यही सोच के फिर
 मुस्कुराती हूँ,
 अपने सारे दर्द को मुस्कुराहट के पीछे छिपाती हूँ ।

सोच कर, कि मेरी मुस्कुराहट किसी के चेहरे पे मुस्कान लाएगी,
 देखते ही देखते वो शाम भी चली जाएगी,
 इसीलिये, मैं जो बातें बता नहीं सकती,
 वो बातें मैं अकसर कागज पे लिख आती हूँ!!!!

Beauty in Darkness

Keeping it real!

It's less what the eyes sees and more what the soul feels.
